A History of Yorkshire Nov 29 2022 The historic county of Yorkshire lasted for about 1,000 years. Its administrative structure was swept away in 1974, but its distinctive identity is still clearly recognised by its own people and by outsiders. Yorkshire was the largest English county. The three Ridings of Yorkshire covered about an eighth of the whole of the country, stretching from the river Tees in the north to the Humber in the south, and from the North Sea to the highest points of the Pennines. In such a large area there was a huge diversity of experience and history. Life on the Pennines or the North York Moors, for example, has always been very different from life in low-lying agricultural districts such as Holderness or the Humberhead Levels. And the fisherfolk of

Staithe or Whitby might not readily recognise the accents, ways or customs of the cutlery makers of Hallamshire, still less perhaps of the farmers of Wensleydale or Craven. In some ways, this diversity makes Yorkshire the most interesting of England's historic counties, a microcosm of the country as a whole. Its variety and beauty also help to explain why Yorkshire is now such a popular tourist destination. Until quite recently people felt that they belonged to their own local area or 'country'. Few people travelled very far, and it was not until the late nineteenth century that the success of the Yorkshire County Cricket Club seems to have forged the idea of Yorkshire as a singular identity, and which gave its people a sense of their superiority. This single volume describes the broad sweep of Yorkshire's history from the end of the last Ice Age up to the present day. To do so Professor Hey has had to tell the story of each particular region and of each town. He talks about farming and mining, trade and industry, fishing and ways of life in all parts of the county. Having lived, worked, researched, taught and walked in the county for many years, he has amassed an enormously detailed knowledge and understanding of Yorkshire. The fruits of his work are presented here in what has been described as 'a bravura performance' by one of the Yorkshire's finest historians". With a particular emphasis on the richness of landscape, places and former ways of life, this important book is a readable, informative and fascinating overview of Yorkshire's past and its people.

Yorkshire CCC On This Day Jul 14 2021 Yorkshire CCC On This Day is fully endorsed by the club and chronicles, in diary form, the major events in their history. With individual

entries for every day, and multiple listings for more historic and busier days, the book includes all the club's big matches, cup finals, significant events, and sensational signings.

Fighting for the Rose Feb 18 2022 In the year marking the 150th anniversary of Yorkshire County Cricket Club, this title rides the ups and downs of a County season through the eyes of Yorkshire CCC's vice captain, Joe Sayers. It provides insight into the Yorkshire dressing room on the team's return to the top flight of English cricket and addresses key issues affecting the game. Though the book takes a naturally chronological approach, the cricketing year is captured in a reflective and somewhat philosophical style, with light-hearted anecdotes and portraits depicting the everymen of County cricket. Cricketing debates within the book address the commercialisation of the modern game; the marriage between T20 cricket and the purist's preference for the longer form; and the game's more technological future. Whilst Yorkshire's elite challenge for the Division One title, brief diversions are made into the lower levels of the game and Club cricket in England's biggest County. The variety and unpredictability of one player's summer makes for fascinating reading.

The Other Side of the Dale Oct 24 2019 Gervase Phinn reveals his early experiences as a school inspector in *The Other Side of the Dale*. As the newly appointed County Inspector of Schools in North Yorkshire, Gervase Phinn reveals in this warm and wonderfully humorous account, the

experiences of his first year in the job - and what an education it was! He quickly learns that he must slow his pace and appreciate the beautiful countryside - 'Are tha'comin' in then, mester, or are tha' stoppin' out theer all day admirin' t'view?' He encounters some larger-than-life characters, from farmers and lords of the manor to teaching nuns and eccentric caretakers. And, best of all, he discovers the delightful and enchanting qualities of the Dales children, including the small boy, who, when told he's not very talkative, answers: 'If I've got owt to say I says it, and if I've got owt to ask I asks it.' With his keen ear for the absurd and sharp eye for the ludicrous, Gervase Phinn's stories in *The Other Side of the Dale* will not fail to make you weep with laughter. 'Gervase Phinn's memoirs have made him a hero in school staff-rooms' *Daily Telegraph*

Gervase Phinn is an author and educator from Rotherham who, after teaching for fourteen years in a variety of schools, moved to North Yorkshire to be a school inspector. The History of Yorkshire County Cricket Oct 17 2021

Excerpt from The History of Yorkshire County Cricket:

1833-1903 My own hobby in cricket has been the welfare of the County professionals, and I am deeply interested in noticing the recent advancement in them. No doubt in the old days the paid player was looked on too much as a machine. I do not think County Committees in the past paid enough attention to them. I have repeatedly instilled into my Committee the view that the more they respect the player the more he will respect him self. Speaking for myself, not only am I on terms of genuine friendship with all who are representing Yorkshire, but I honestly believe I look forward even more than they do to the annual occasion on which they are my guests. I began by giving them a dinner at Brighton, but subsequently offered them their choice between that and a day at Wighill. They have selected the latter, and the date of our yearly gathering has become a red letter day in my own calendar. Reverend ES Carter: A Yorkshire Cricketing Cleric Nov 05 2020 The Rev Edmund Carter introduced the great Lord Hawke to Yorkshire cricket. Although he played only a handful of first-class matches for Yorkshire, he played the game for Oxford University in the 1860s, in Victoria as a young man, and in West London, before the bulk of his life's work as a clergyman in the shadow of York Minster.

A Game Divided: Triumphs and troubles in Yorkshire cricket in the 1920s Sep 23 2019 Between 1922 and 1925 Yorkshire County Cricket Club won the County Championship four years in a row, making it one of the most successful sides ever in the history of the English county game. A line-up which included Wilfred Rhodes, Percy Holmes, Herbert Sutcliffe, Roy Kilner, George Macaulay and Maurice Leyland dominated English cricket for much of the decade, taking a highly professional approach to the game. Unsurprisingly, they were heroes to many, but despite this success, the side was at times unpopular and the subject of trenchant criticism. *A Game Divided* takes as its starting point the events during the match between Yorkshire and Middlesex at Sheffield in July 1924, which provoked a falling out between the counties. These events and how they were portrayed shine a light on many of the divisions in English cricket of the time – between north and south, amateur and professional, employer and employee, and between different perspectives on sportsmanship and the style in which the game should be played. The book looks at the triumphs and troubles that shaped Yorkshire cricket in

the decade and asks just how great was this side of match-winners.

'Meticulously researched ... fascinating' Country Life
Yorkshire, it has been said, is 'a continent unto itself', a region where mountain, plain, coast, downs, fen and heath lie close. By weaving history, family stories, travelogue and ecology, Richard Morris reveals how Yorkshire took shape as a landscape and in literature, legend and popular regard. We descend into the county's netherworld of caves and mines, and face episodes at once brave and dark, such as the part played by Whitby and Hull in emptying Arctic waters of whales, or the re-routing of rivers and destruction of Yorkshire's fens. We are introduced to discoverers and inventions, meet the people who came and went, encounter real and fabled heroes, and discover why, from the Iron Age to the Cold War, Yorkshire has been such a key place in times of tension and struggle. In a wide-ranging and lyrical narrative, Morris finds that for as far back as we can look Yorkshire has been a region of unique presence with links around the world.
