Note-Taking Made Easy Jan 11 2021 Updated and revised edition As every student quickly learns, merely sitting through a class and paying attention is usually not sufficient to ensure good grades. The proper taking of good notes is essential. Note-Taking Made Easy tells why the student should take his or her own notes (rather than buying them or taping lectures), and tells exactly how to determine what is worth noting, whether during a lecture, classroom discussion, even from a book or during a meeting. The authors describe the two most successful methods of organizing notes—outlining and patterning—and provide shortcuts to really make note-taking easy, from shorthand devices to abbreviations. Special sections are devoted to taking notes from texts, fiction as well as nonfiction, and handling charts, graphs, and photos. A final chapter shows how to tie together notes from various sources. This STUDY SMART reference guide series, designed for students from junior high school through lifelong learning programs, teaches skills for research and note-taking, presents strategies for test-taking and studying, provides exercises to improve spelling, grammar, and vocabulary, and reveals secrets for putting these skills together in great essays.

Tarot Made Easy Jan 23 2022 If you've ever been intrigued by the tarot but were confounded by the complexities of multi-card spreads and the vague interpretations given in most books, this is the guide for you. Here is a real breakthrough in interpreting the tarot! With Tarot Made Easy you can easily interpret the meaning of any card and apply it to the particular circumstances of your life. With the simple process outlined here, you need only choose one tarot card and then consult one (or several) of the 32 categories listed under each card -- including Romance, Travel, Career, Finances, Friends, and Special Guidance -- to discover the card's specific message for you. For example, if you want to know about your romantic future and the Queen of Cups turns up, you may find that the standard description given is "an honest, devoted woman; loving intelligence and happiness." How should you interpret this? But with Tarot Made Easy, the Queen of Cups Romance category tells you that "someone will enter your life in whom you will be very interested...and

you will meet this person very close to your home, if not outside your front door." This easy but accurate system banishes the vague interpretations found in most books and gives you the immediate, specific insights you need.
