Featuring essays by leading feminist scholars from a variety of disciplines, this key text explores the latest developments in autobiographical studies. The collection is structured around the inter-linked concepts of genre, inter-subjectivity and memory. Whilst exemplifying the very different levels of autobiographical activity going on in feminist studies, the contributions chart a movement from autobiography as genre to autobiography as cultural practice, and from the analysis of autobiographical texts to a preoccupation with autobiography as method. Kafka said we should read books which bite and sting: 'If the book we are reading does not wake us up with a blow to the head, what's the point in reading? A book must be the axe which smashes the frozen sea within us.' Brian Hinton applied this to Neil Astley's anthology Poetry with an Edge, which 'crystallises what he has already achieved with Bloodaxe, well designed and committed books, though never comfortable to read. They answer Kafka's definition of what real literature should be.' New Blood is the sequel to Poetry with an Edge, which marked Bloodaxe's first decade of poetry publishing. This completely new anthology brings together poets who have published their first collections during the past ten years. New Blood shows that Bloodaxe isn't going rusty with age, for here are some of the sharpest new talents in poetry - with poems which bite and sting as well as disturb and delight the reader. This book of new poetry from Bloodaxe 'must be the axe which smashes the frozen sea within us'. In *Wales Unchained* Daniel G. Williams explores how Welsh writers, politicians and intellectuals have defined themselves – and have been defined by others – since the early twentieth century. Whether by exploring ideas of race in the 1930s or reflecting on the metaphoric uses of boxing, asking what it means to inhabit the ‘American century’ or probing the linguistic bases of cultural identity, Williams writes with a rare blend of theoretical sophistication and accessible clarity. This book discusses Rhys Davies in relation to D. H. Lawrence, explores the simultaneous impact that Dylan Thomas and saxophonist Charlie Parker had on the Beat Generation in 1950s America, and juxtaposes the uses made of class and ethnicity in the thought of Aneurin Bevan and Paul Robeson. Transatlantic in scope and comparative in method, this book will engage readers interested in literature, politics, history and contemporary cultural debate. By evolving new techniques to explore today’s most pressing issues—environmental destruction and the damage inflicted on the third world by global capitalism—contemporary Welsh poets are making some of the most exciting poetry in Britain. In addition to investigating these new methods of poetic inquiry, Ian Gregson in *The New Poetry of Wales* explores the issue of language, a particularly urgent concern for these poets who must choose between writing in English or Welsh. With penetrating analyses of a range of new poets, including Robert Minhinnick and Gwyneth Lewis, the former Welsh poet laureate, Gregson’s book is an invaluable introduction to a robust field. Provides over 1,700 biographies of influential poets writing in English from 1910 to the present day, exploring the influences, inspirations, and movements that have shaped their works and lives. Barker has been acclaimed as 'England's greatest living dramatist' in *The Times* and as 'the Shakespeare of our age' by Sarah Kane. His uniquely stylish work brings together startlingly original forms of classical discipline, moral ruthlessness and catastrophic eroticism. This study considers the full range of his theatrical achievements. A comprehensive and scholarly review of contemporary British and Irish Poetry With contributions from noted scholars in the field, *A Companion to Contemporary British and Irish Poetry, 1960-2015* offers a collection of writings from a diverse group of experts. They explore the richness of individual poets, genres, forms, techniques, traditions, concerns, and institutions that comprise these two distinct but interrelated national poetics. Part of the acclaimed Blackwell Companion to Literature and Culture series, this book contains a comprehensive survey of the most important contemporary Irish and British poetry. The contributors provide new perspectives and positions on the topic. This important book: Explores the institutions, histories, and receptions of contemporary Irish and British poetry Contains contributions from leading scholars of British and Irish poetry Includes an analysis of the most prominent Irish and British poets Puts contemporary Irish and British poetry in context Written for students and academics of contemporary poetry, *A Companion to Contemporary British and Irish Poetry, 1960-2015* offers a comprehensive review of contemporary poetry from a wide range of diverse contributors. I. Lilius Trotter's *Parables of the Cross* was first published by Marschall Brothers, London and printed by E. Nister of Nuremberg (Bavaria). While undated, the writing falls clearly within the window of summer/fall 1895 at a time when she was taking an extended break in England. Trotter's health, never robust, had been seriously compromised after seven years of unremitting labor in the testing climate of Algiers. The result was this devotional classic, born of her own spiritual struggles and tempered with her depth of life experience. It reflects Trotter's deep grounding in Scripture, and is animated by her growing sensibility to God speaking through His natural world. Though popular upon publication, with numerous reprintings, it had been out of print for decades. This facsimile edition is reproduced from the first edition and is faithful in both the presentation of text and colorplates. National Book Critics Circle Award Finalist In this stunning volume of epic breadth, Michael Schmidt connects the lives and works of more than 300 poets over the last 700 years--spanning distant shores from Scotland to Australia to the Caribbean, all sharing the English language. Schmidt reveals how each poet has transformed "a common language of poetry" into the rustic rhythms and elegiac ballads, love sonnets, and experimental postmodern verse that make up our lyrical canon. A comprehensive guided tour that is lively and always accessible,

Lives of the Poets illuminates our most transcendent literary tradition. The Oxford Companion to English Literature has long been established as the leading reference resource for students, teachers, scholars, and general readers of English literature. It provides unrivalled coverage of all aspects of English literature - from writers, their works, and the historical and cultural context in which they wrote, to critics, literary theory, and allusions. For the seventh edition, the Companion has been thoroughly revised and updated to meet the needs and concerns of today's students and general readers. Over 1,000 new entries have been added, ranging from new writers - Chimamanda Ngozi Adichie, Patrick Marber, David Mitchell, Arundhati Roy - to increased coverage of writers and literary movements from around the world. Coverage of American literature has been substantially increased, with new entries on writers such as Cormac McCarthy and Amy Tan and on movements and publications. Contextual and historical coverage has also been expanded, with new entries on European history and culture, post-colonial literature, as well as writers and literary movements from around the world that have influenced English literature. The Companion has always been a quick and dependable source of reference for students, and the new edition confirms its pre-eminent role as the go-to resource of first choice. All entries have been reviewed, and details of new works, biographies, and criticism have been brought right up to date. So also has coverage of the themes, approaches and concepts encountered by students today, from terms to articles on literary theory and theorists. There is increased coverage of writers from around the world, as well as from Ireland, Scotland, and Wales, and of contextual topics, including film and television, music, and art. Cross-referencing has been thoroughly updated, with stronger linking from writers to thematic and conceptual entries. Meanwhile coverage of popular genres such as children's literature, science fiction, biography, reportage, crime fiction, fantasy or travel literature has been increased substantially, with new entries on writers from Philip Pullman to Anne Frank and from Anais Nin to Douglas Adams. The seventh edition of this classic Companion - now under the editorship of Dinah Birch, assisted by a team of 28 distinguished associate editors, and over 150 contributors - ensures that it retains its status as the most authoritative, informative, and accessible guide to literature available. Exploring the writing process and its relationship to self, this guide synthesizes critical and creative theories of writing for both writers and readers. Each chapter links a range of theoretical approaches to one practical aspect of writing, using illustrations from fiction, poetry and literary non-fiction, and suggesting practical exercises for pursuing the topic further. The book will enable students to develop literary, critical and psychodynamic understandings of the creative process and to explore a range of key topics. Theologians and religious figures often draw a distinction between religion of the "head" and religion of the "heart," but few stop to ask what the terms "head" and "heart" actually denote. Many assume that this distinction has a scriptural basis, and yet many Biblical authors used the word "heart" as a synonym for "mind." In fact, there isn't a strict separation of the two concepts until the modern period, as in Pascal's famous claim that "the heart has its reasons that reason can not know." Since then, many other philosophers and theologians have made a similar distinction. The fact that this distinction has been so persistent makes it an important area of study. *Head and Heart: Perspectives from Religion and Psychology* takes an inter-disciplinary approach, linking the thinking of theologians and philosophers with theory and research in present-day psychology. The tradition of using framing questions that have been developed in theology and philosophy can now be brought into dialogue with scientific approaches developed within cognitive psychology and neuroscience. Though these scientific approaches have not generally used the terms "head" and "heart," they have arrived at a similar distinction in other ways. There is a notable convergence upon the realization that humans have two modes of cognition at their disposal that correspond to "head" and "heart." The time is therefore ripe to bring the approaches of theology and science in to dialogue—an important dialogue that has been heretofore neglected. *Head and Heart* draws on the unique expertise in relating theology and psychology of the University of Cambridge's Psychology and Religion Research Group (PRRG). In addition to providing historical and theoretical perspectives, the contributors to this volume will also address practical issues arising from the group's applied work in deradicalisation and religious education. Contributors include Geoff Dumbreck, Nicholas J. S. Gibson, Malcolm Guite, Liz Gulliford, Russell Re Manning, Glendon L. Moriarty, Sally Myers, Sara Savage, Carissa A. Sharp, Fraser Watts, Harris Wiseman, and Bonnie Poon Zahl. Liliás Trotter's *Parables of the Christ-life* was first published by Marshall Brothers, London, and printed by E. Nister of Nuremberg (Bavaria). Though undated, her diaries reveal that it was conceived in 1897 while walking through the African hillsides then written at the Olivage Training Center outside Algiers during months of

Saturdays in 1898. Her two parable books-Parables of the Cross and Parables of the Christ-life-written respectively in England and North Africa, compliment each other as Liliias explores faith-lessons derived from the plant life unique to each region. Though Parables of the Christ-life, like the first parable book, was popular upon publication with numerous reprintings, it had been out-of-print for decades. This singular facsimile edition is reproduced from the first edition and is faithful in both the presentation of text and colorplates. Poetry, Geography, Gender explores literary and geographical analysis, cultural criticism and gender politics in the work of such well-known literary figures as Gwyneth Lewis, Menna Elfyn, Christine Evans and Gillian Clarke, alongside newer names like Zoë Skoulding and Samantha Wynne-Rhydderch. Drawing on her unpublished interviews with many of the featured poets, Alice Entwistle examines how and why their various senses of affiliation with a shared cultural hinterland should encourage us to rethink the relationship between nation, identity and literary aesthetics in post-devolution Wales. This series of lively and detailed close readings reveals how writers use the textual terrain of the poem, both literally and metaphorically, to register and script aesthetic as well as geo-political and cultural-historical change. As an innovative critical study, this volume thus takes particular interest in the ways in which author, text and territory help to inform and produce each other in the culturally complex and confident small nation that is twenty-first-century Wales. Publisher Description A concise and authoritative survey of the Welsh- and English-language literatures of Wales from the earliest period up to the present day. This illustrated guide, containing extracts from original texts with English translations, is a revised version of Professor Dafydd Johnston's volume in the University of Wales Press Pocket Guide series, and includes a new chapter on contemporary writing. In all six of its volumes The Broadview Anthology of British Literature presents British literature in a truly distinctive light. Fully grounded in sound literary and historical scholarship, the anthology takes a fresh approach to many canonical authors, and includes a wide selection of work by lesser-known writers. The anthology also provides wide-ranging coverage of the worldwide connections of British literature, and it pays attention throughout to issues of race, gender, class, and sexual orientation. It includes comprehensive introductions to each period, providing in each case an overview of the historical and cultural as well as the literary background. It features accessible and engaging headnotes for all authors, extensive explanatory annotations throughout, and an unparalleled number of illustrations and contextual materials, offering additional perspectives both on individual texts and on larger social and cultural developments. Innovative, authoritative, and comprehensive, The Broadview Anthology of British Literature embodies a consistently fresh approach to the study of literature and literary history. The full Broadview Anthology of British Literature comprises six bound volumes, together with an extensive website component; the latter has been edited, annotated, and designed according to the same high standards as the bound book component of the anthology, and is accessible through the [broadviewpress.com](http://broadviewpress.com) website by using the passcode obtained with the purchase of one or more of the bound volumes. Highlights of Volume 6: The Twentieth Century and Beyond include: Joseph Conrad's "The Secret Sharer," "An Outpost of Progress," an essay on the Titanic, and a substantial range of background materials, including documents on the exploitation of central Africa that set "An Outpost of Progress" in vivid context; and a large selection of late twentieth and early twenty-first century writers such as Ian McEwan, Kazuo Ishiguro, and Zadie Smith. For the convenience of those whose focus does not extend to the full period covered in the final volume of The Broadview Anthology of British Literature (Volume 6: The Twentieth Century and Beyond), that volume is now available either in its original one-volume format or in this alternative two-volume format, with Volume 6a (The Early Twentieth Century) extending to the end of WWII, and Volume 6b (The Late Twentieth Century and Beyond) covering from WWII into the present century. Parables & Faxes was Gwyneth Lewis's long-awaited first collection of poetry in English, a striking and ambitious debut, 'simply a masterpiece', according to Peter Porter. 'Outrageously imaginative, witty, and musical,' wrote Gillian Clarke. 'The poems are funny and bold, surreal and beautiful... A daringly fresh voice that Welsh writing desperately needs.' Discussing the work of more than 60 poets from the US, UK, Ireland, Australia, New Zealand and the Caribbean, Nerys Williams guides students through the key ideas and movements in the study of poetry today. This collection makes a critical and creative intervention into ongoing debates about the relationship between poetry and autobiography. Drawing on recent theories of life writing, the essays in the first part of this volume provide new analyses of works by a range of poets, dating from the early modern period to the present day. Exploring the autobiographical resonances of poems by Martha Moulsworth, Mina Loy, Anne Sexton, Joe Brainard, Edward

Kamau Braithwaite, and Gwyneth Lewis, the authors here examine the extent to which discourses of truth and authenticity have been implicated in traditional interpretations of lyric poetry. In doing so, they endeavour to illuminate the complex intersections – and divergences – of poetry and autobiography, asking what these forms might learn from each other about issues of shared concern, from questions of identity and textuality to those of reference and audience. The creative reflections which form the second part of the collection develop and respond to these questions in various suggestive and original ways; here poetry and prose are used in order to test the relationship between poetry and life writing and to explore issues of memory, time, place, subjectivity and voice. This book was published as a special issue of *Life Writing*. From a brilliant and witty comic book aficionado, this “scholarly but lively narrative” (Kirkus Reviews) reveals the links between Jews and the iconic superheroes of Jerry Siegel, Joe Shuster, Stan Lee, and Jack Kirby. Many of us know that the superheroes at the heart of the American comic book industry were created by Jews. But you’d be surprised to learn how much these beloved characters were shaped by the cultural and religious traditions of their makers. *Superman Is Jewish?* follows the “people of the book” as they become the people of the comic book. With great wit and compelling arguments, Harry Brod situates superheroes within the course of Jewish-American history: they are aliens in a foreign land, like Superman; figures plagued by guilt for abandoning their families, like Spider-Man; and outsiders persecuted for being different, like the X-Men. Brod blends humor and sharp observation as he considers the overt and discreet Jewish characteristics of these well-known figures and explores how their creators integrated their Jewish identities and their creativity. Captivating, poignant, and packed with historical insights, this guided tour travels from the Passover Haggadah’s exciting action scenes of Moses’s superpowers through the Yiddish humor of *Mad* magazine to two Pulitzer Prizes awarded in one decade to Jewish comic book guys Art Spiegelman and Michael Chabon. “A witty, insightful exposé” (Publisher’s Weekly), *Superman Is Jewish?* is an endlessly fascinating American saga about an immigrant group that used comic books to see itself in new, empowering—and laughable—ways. You don’t even have to be Jewish to get a kick out of it. The two-volume *Broadview Anthology of British Literature: Concise Edition* provides an attractive alternative to the full six-volume anthology. Though much more compact, the Concise Edition nevertheless provides substantial choice, offering both a strong selection of canonical authors and a sampling of lesser-known works. With an unparalleled selection of illustrations and of contextual materials, accessible and engaging introductions, and full explanatory annotations, these volumes provide concise yet extraordinarily wide-ranging coverage for British Literature survey courses. New to this volume are Samuel Beckett’s *Endgame* and Robert Louis Stevenson’s *Strange Case of Dr. Jekyll and Mr. Hyde*; new authors include Dorothy Wordsworth, John Clare, Tomson Highway, Derek Walcott, and Chimamanda Ngozi Adichie. The third edition now also offers substantially expanded representation of Irish, Scottish, and Welsh literatures, as well as contextual materials on Gothic literature, Modernism, and World War II. Material that no longer appears in the bound book may in most cases be found on the companion website; many larger works are also available in separate volumes that may at the instructor’s request be bundled together with the anthology at no extra cost to the student. Features New to the Third Edition — New longer texts including Dickens’s performance reading of “David Copperfield,” Gaskell’s *The Manchester Marriage*, Stevenson’s *Strange Case of Dr. Jekyll and Mr. Hyde*, and Beckett’s *Endgame* — New short selections from longer works including Eliot’s *Middlemarch*, Shelley’s *Frankenstein*, Barrett Browning’s *Aurora Leigh*, and Tennyson’s *In Memoriam A.H.H.* — New bound-book author entries for Dorothy Wordsworth, John Clare, Emily Brontë, Thomas de Quincey, Walter Pater, Isaac Rosenberg, Tomson Highway, Derek Walcott, Jeanette Winterson, and Chimamanda Ngozi Adichie — New selections representing “Literary Currents in Ireland, Scotland, and Wales in the Long Nineteenth Century” — New “Contexts” section on “Gothic Literature” including materials by Horace Walpole, Ann Radcliffe, and Jane Austen — “Literature, Politics, and Cultural Identity” section includes numerous new authors and pieces, including work by Sorely MacLean, James Kelman, Gillian Clarke, Kamau Braithwaite, Kim Moore, and Warsan Shire *Studying British Cultures* is a lively and provocative volume of essays which offers the ideal introduction to a contentious area. The contributors, who have been instrumental in establishing the discipline of British Cultural Studies, explore a wide range of critical debates on cultural identity and explode the myth that Britain is made up of a homogenous people. The first half of the book traces examines the theory and methodology of studying British cultures, in disciplines variously known as British Studies, Cultural Studies or British Cultural Studies. The second half of the book turns to key topics in those

fields, looking in turn at developments in Scottish, Welsh and Irish Studies and the roles of Shakespeare and West Indian literature in the study of British cultures. In vivid and often entertaining essays, the authors demonstrate that 'culture' is a plurality of discourses, not a fixed, unitary concept. The Parables of Kryon, by Lee Carroll, is a book of parables, filled with penetrating insights. As soon as you read one of these wonderful stories, you will be hooked as you recognize yourself, and your own situations in the parable. Comparative Criticism addresses itself to the questions of literary theory and criticism, to comparative studies in terms of theme, genre movement and influence, and to interdisciplinary perspectives. This new volume takes 'Literary Devolution: Writing Now in Scotland, Ireland, Wales and England' as its central theme. This collection of essays examines the various ways in which the Homeric epics have been responded to, reworked, and rewritten by women writers of the twentieth and early twenty-first centuries. Beginning in 1914 with the First World War, it charts this understudied strand of the history of Homeric reception over the subsequent century up to the present day, analysing the extraordinary responses both to the Odyssey and to the Iliad by women from around the world. The backgrounds of these authors and the genres they employ - memoir, poetry, children's literature, rap, novels - testify not only to the plasticity of Homeric epic, but also to the widening social classes to whom Homer appeals, and it is unsurprising to see the myriad ways in which women writers across the globe have played their part in the story of Homer's afterlife. From surrealism to successive waves of feminism to creative futures, Homer's footprint can be seen in a multitude of different literary and political movements, and the essays in this volume bring an array of critical approaches to bear on the work of authors ranging from H.D. and Simone Weil to Christa Wolf, Margaret Atwood, and Kate Tempest. Students and scholars of not only classics, but also translation studies, comparative literature, and women's writing will find much to interest them, while the volume's concluding reflections by Emily Wilson on her new translation of the Odyssey are an apt reminder to all of just how open a text can be, and of how great a difference can be made by a woman's voice. For every day from Shrove Tuesday to Easter Day, the bestselling poet Malcolm Guite chooses a favourite poem from across the Christian spiritual and English literary traditions and offers incisive reflections on it. A scholar of poetry and a renowned poet himself, his knowledge is deep and wide and he offers readers a soul-food feast for Lent. Provides up-to-date profiles on the careers of leading and emerging poets.
