The modern gay man is his own best friend, has healed his inner child, is in touch with the warrior within, has memorized the Kama Sutra, and owns a little black book that would make Casanova jealous. Why, then, do so few of them have the house, dog, Range Rover, and "husband" that so many yearn for? Husband Hunting Made Easy finally reveals the secrets to finding, getting, and keeping the husband of your dreams. From the basics ("What is a husband and why do I want one?") to the advanced course ("In-laws-how not to kill them"), this is the everything-you-need-to-know guide. From blind dates ("Hint: Never let Mom set you up") to dress ("A thong is always wrong!") to avoiding pathetic opening lines ("Care to lambada?"), Patrick Price leads you past the pitfalls and pratfalls of landing the (nearly) perfect man. The reason this book exists is to give the Christian church a basic overview of Covenant Theology that 1) follows the Bible, 2) follows The 1647 Westminster Confession, and, 3) is easy to work through. There has not been a book like this that follows the Bible, Westminsterian Theology, or the magnum opus of Herman Witsius (which is a watershed work on Covenant Theology called "The Economy of the Covenants Between God and Man"). This work follows the outline of Witsius and places these theologically important concepts into an easy to understand format. If nothing else has been read on Covenant Theology, this work would be a helpful volume to teach the serious bible student the fundamentals of the Christian faith in the same way that the Early Church, Augustinian Christians, Reformers and Puritans taught Covenant Theology. (The author has also written, "A Simple Overview of Covenant Theology" which could be a helpful resource and precursor to this volume.) Starting and Operating a Non-Profit Made Easy helps non-profits become and stay financially solvent by applying traditional business practices to the unique challenges of a non-profit organization.
