This book has more mature content than the Kindred Series and is recommended for readers 17+*** In the third exhilarating novel in this dazzling epic fantasy series, a young outcast will fight against staggering odds to save her world. On the planet Abeth, a narrow Corridor of green land is surrounded on all sides by ice plains where only the strong survive. Ice triber Yaz has completed a perilous journey and arrived at the Corridor, and it exceeds and overwhelms all of her expectations. Everything seems different but some constants remain: her old enemies are still two steps ahead, bent on her destruction. She makes her way to the Convent of Sweet Mercy, where nuns train young girls who show the old gifts, but like the Corridor itself the convent is packed with peril and opportunity. Yaz has much to learn from the nuns—if they don't decide to execute her. The fate of everyone squeezed between the Corridor's vast walls, and ultimately the fate of those laboring to survive out on ice itself, hangs from the moon, and the battle to save the moon centers on the Ark of the Missing, buried beneath the emperor's palace. Everyone wants Yaz to be the key that will open the Ark – the one the wise have sought for generations. But sometimes wanting isn't enough. Archaeologist Leah Andrews stumbles upon something inexplicable in southwestern New Mexico: inside a dark cavern lies an undiscovered, Native American cliff dwelling abandoned for 800 years. While twisting through one of the narrow underground passageways, Leah's flashlight illuminates the remains of a violent massacre. Ancient human remains—all slaughtered in a long-ago massacre—cover the cavern floor, along with a number of brilliantly colored, granite crystals. The rare crystals are native to only one place on earth: a frozen mountain range in central Antarctica. Could Native Americans have traveled to the frozen continent of Antarctica 800 years prior to the first known human exploration? If so how? And why? There's only one person who can get Leah to those mountains in Antarctica: her estranged husband and climbing guide Jack Hobson. At their destination they make a stunning discovery that will change history and science forever. But Leah's team is far from the only interested party. As her secret makes its way to the highest levels of government, a race to seize the Russian-claimed Antarctic territory brings the world to the brink of nuclear conflict. Two-time Newbery Honor Award-winning author Laurence Yep brings his epic City Trilogy to an action-packed and heart-pounding conclusion Scirye and her loyal companions chase the villainous Mr. Roland for a final showdown at Rive Sruckalleis, the City of Death, located in the heart of the Kushan Empire, along the Silk Road. There, they reunite with old friends, meet new allies, and confront an even more dangerous foe.... This is the thrilling conclusion to the trilogy that began with City of Fire and City of Ice by esteemed storyteller Laurence Yep, who has been one of the preeminent Asian-American authors for children for the past forty years. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. From the islands of Hawaii, Scirye and her loyal companions pursue the villainous Mr. Roland and evil dragon Badik all the way to the city of Nova Hafnia in the icy Arctic Circle, to prevent Roland from obtaining the power to alter the universe. The chronicles of THE WINTER OF THE WORLD echo down the ages in half-remembered myth and song - tales of mysterious powers of the Mastersmiths, of the forging of great weapons, of the subterranean kingdoms of the duergar, of Gods who walked abroad, and of the Powers that struggled endlessly for dominion. In the Northlands, beleaguered by the ever-encroaching Ice and the marauding Ekwesh, a young cowherd, Alv, saved from the raiders by the mysterious Mastersmith, discovers in himself an uncanny power to shape metal - but it is a power that may easily be turned to evil ends, and on a dreadful night Alv flees the Mastersmith, and embarks on the quest to find both his own destiny, and a weapon that will let him stand against the Power of the Ice. When Roger, the alpha of the North American shifter pack, shows up at Reagan's door with the news that a demon has made it to the Underworld with knowledge of her, some hard decisions have to be made. Does she stay in hiding, with the help of her magical friends, or does she risk her life by seeking out the demon to end the threat? Leah Andrews is on the Antarctic Continent, her single-minded goal, return the Ancients to their destiny while at the same time, hoping that will stop the increasingly powerful and destructive Anomaly, that threatens a planet-wide extinction event should it continue to widen its grasp. She is far from the only interested party in finding the source of the extraterrestrial Anomaly. The Russians and the American military are desperate to reach 'Complex 2' and harvest the bounty of hyper-technology, then destroy the alien Anomaly. Jack Hobson is trapped in the USA, with no way to reach Antarctica through traditional means. He must formulate an audacious plan risking his life and those of the Globemaster pilots, Major Janie West and Captain Charlotte Ross. The Russians, the Americans, Leah Andrews, and the Ancients begin to converge on the bottom of the world, in the thrilling ending to the ICE Trilogy! Sometimes opposites aren't supposed to attract... Eleven-year-old Rory, daughter of a famous actress and a famous movie director, finds herself becoming a celebrity in her own right as she helps create a new fairy tale as a participant in the after school program, Ever After School. With the Winter Games coming up and their career nearing an end, they are fighting to win a spot on the Olympic team, something Courtney has dreamed of since she was ten years old. Now this bundle collects the entire monumental cycle in the most convenient format available: A GAME OF THRONES A CLASH OF KINGS A STORM OF SWORDS A FEAST FOR CROWS A DANCE WITH DRAGONS “One of the best series in the history of fantasy.”—Los Angeles Times Winter is coming. Such is the stern motto of House Stark, the northernmost of the fiefdoms that owe allegiance to King Robert Baratheon in far-off King's Landing. There Eddard Stark of Winterfell rules in Robert's name. There his family dwells in peace and comfort: his proud wife, Catelyn; his sons Robb, Brandon, and Rickon; his daughters Sansa and Arya; and his bastard son, Jon Snow. Far to the north, behind the towering Wall, lie savage Wildings and worse—unnatural things relegated to myth during the centuries-long summer, but proving all too real and all too deadly in the turning of the season. Yet a more immediate threat lurks to the south, where Jon Arryn, the Hand of the King, has died under mysterious circumstances. Now Robert is riding north to Winterfell, bringing his queen, the lovely but cold Cersei, his son, the cruel, vainglorious Prince Joffrey, and the queen's brothers Jaime and Tyrion of the powerful and wealthy House Lannister—the first a swordsman without equal, the second a dwarf whose stunted stature belies a brilliant mind. All are heading for Winterfell and a fateful encounter that will change the course of kingdoms. Meanwhile, across the Narrow Sea, Prince Viserys, heir of the fallen House Targaryen, which once ruled all of Westeros, schemes to reclaim the throne with an army of barbarian Dothraki—whose loyalty he will purchase in the only coin left to him: his beautiful yet innocent sister, Daenerys. “Long live George Martin . . . a literary dervish, enthralled by complicated characters and vivid language, and bursting with the wild vision of the very best tale tellers.”—The New York Times Heart pounding and laugh out loud funny, USA Today Bestselling author K.F. Iceis at the center of Vladimir Sorokin's epic Ice Trilogy, which is also published by NYRB Classics. Moscow has been hit by a wave of brutal murders. The victims are of both sexes, from different backgrounds, and of all ages, but invariably blond and blue-eyed. They are found with their breastbones smashed in, their hearts crushed. But in the midst of so much squalor one mysterious group is pursuing a long-meditated plan. Blond and blue-eyed, with a strange shared attraction to a chunk of interstellar ice, they are looking for their brothers and sisters, precisely 23,000 of them. A gritty dispatch from the front lines of the contemporary world, a gnostic fairy tale, a hard-boiled parable, a New Age parody, a biting funny fantasy in the great Russian tradition that begins with Gogol and continues with Nabokov, a renegade fiction to set beside those of Philip K. Dick and Michel Houellebecq, and the most ambitious and accomplished novel yet by Vladimir Sorokin, the stylistic virtuoso and master of provocation who, in the words of The Moscow Times, is "the only living Russian author who can be called a classic." Deep under the City of Glass in the frozen southern land, an age-old machine called the Heart of the City radiates a power which locals call icefire. Most citizens are immune to it, but a few, always born with physical disabilities, can bend it to their will. For fifty years, the ruling Eagle Knights, who fly on the back of giant birds, have killed these Imperfects, fearing the return of the old royal family, who used icefire to cut out people's hearts, turning them into ghostly servitors. The old king's grandson Tandor only sees the good things icefire brought: power and technology now forgotten while the people of the south live in dire poverty. He's had enough of seeing his fellow kinsfolk slaughtered by ignorant Knights, of Imperfect babies being abandoned on the ice floes to be eaten by wild animals. His grandfather's diary tells him how to increase the beat of the Heart the first step to making the land glorious once more. Arrogant as he is, he sets the machine in motion. All he needs is an army of Imperfect servitors to control the resulting power. Isandor is Imperfect, an ex-Knight apprentice, betrayed by his best friend and running for his life. The queen Jevaiithi is Imperfect, living like a prisoner amidst leering Knights, surviving only because the common people would rebel if their beloved queen were harmed. Both are young and desperate and should be grateful that Tandor wants to rescue them from their hopeless situations. Or so he thinks. The youngsters, however, have no inclination to become heartless ghosts, but while they defy Tandor, the Heart beats, and he alone cannot control its power. Two-time Newbery Honor Award-winning author Laurence Yep kicks off an action-packed new fantasy trilogy with City on Fire This thrilling tale takes readers on an unforgettable journey through an alternate version of our world in 1941 -- a world filled with magical beings such as dragons in human form, tiny "lap griffins," reincarnations of legendary Chinese warriors, Japanese folk creatures, and goddesses in disguise. Scirye and her companions pursue the thieves to Houalani, a new Hawaiian island being created by magic. There, they befriend Pele, the volatile and mercurial goddess of volcanoes. But even with Pele on their side, they may not be able to stop Mr. Roland from gaining what he seeks: the Five Lost Treasures of Emperor Yu. Together, the treasures will give him the power to alter the very fabric of the universe.
