Hope on the River Sep 24 2019
A global pandemic, a leaky raft, and a captain completely unqualified to navigate the Mighty Mississippi - What could possibly go wrong? Afraid of the dark, scared of wild animals, and with no actual mariner skills, Erich Mische traveled nearly 1,700 miles through ten states for two months on a leaky pontoon with a garden shed on top to save the nonprofit organization he leads, Spare Key, in the middle of the Covid-19 global pandemic. Mische quickly learned he was even less qualified for the trip than he imagined, or others had correctly discerned. Braving brutal waves and wakes, navigating behemoth barges the size of office buildings, encountering a hurricane - plus flying carp (!) - all while keeping in touch with folks via

live interviews, livestreaming, and blogging, Erich persevered in his quest to discover, and contribute to, *Hope on the River* at a time when hope was needed in our world more than ever. The questionable decision to undertake the journey on one of the most powerful, legendary, and dangerous rivers in the world nearly cost Mische his life but never his belief that America remains the most indispensable nation filled with the most remarkable people on Earth. 100% of all profits from the sale of this book will be donated to Spare Key, a non-profit organization dedicated to helping families facing a medical crisis avoid adding a financial crisis to their lives through its Help Me Bounce program. A major new Southern voice

emerges in this novel about a town divided by the aftermath of a tragic accident--and the woman caught in the middle. When a twelve-year-old girl drowns in the Tamassee River and her body is trapped in a deep eddy, the people of the small South Carolina town that bears the river's name are thrown into the national spotlight. The girl's parents want to attempt a rescue of the body; environmentalists are convinced the rescue operation will cause permanent damage to the river and set a dangerous precedent. Torn between the two sides is Maggie Glenn, a twenty-eight-year-old newspaper photographer who grew up in the town and has been sent to document the incident. Since leaving home almost ten years ago, Maggie has done her best to avoid her father, but now, as the town's conflict opens old wounds, she finds herself revisiting the past she's fought so hard to leave behind. Meanwhile, the reporter who's accompanied her to cover the story turns out to have a

painful past of his own, and one that might stand in the way of their romance. Drawing on the same lyrical prose and strong sense of place that distinguished his award-winning first novel, *One Foot in Eden*, Ron Rash has written a book about the deepest human themes: the love of the land, the hold of the dead on the living, and the need to dive beneath the surface to arrive at a deeper truth. *Saints at the River* confirms the arrival of one of today's most gifted storytellers.

The Other Side of the River Jan 27 2020 Bestselling author Alex Kotlowitz is one of this country's foremost writers on the ever explosive issue of race. In this gripping and ultimately profound book, Kotlowitz takes us to two towns in southern Michigan, St. Joseph and Benton Harbor, separated by the St. Joseph River. Geographically close, but worlds apart, they are a living metaphor for America's racial divisions: St. Joseph is a prosperous lakeshore community and ninety-five

percent white, while Benton Harbor is impoverished and ninety-two percent black. When the body of a black teenaged boy from Benton Harbor is found in the river, unhealed wounds and suspicions between the two towns' populations surface as well. The investigation into the young man's death becomes, inevitably, a screen on which each town projects their resentments and fears. *The Other Side of the River* sensitively portrays the lives and hopes of the towns' citizens as they wrestle with this mystery--and reveals the attitudes and misperceptions that undermine race relations throughout America.

Every Day the River Changes

Nov 06 2020 An exhilarating travelogue for a new generation about a journey along Colombia's Magdalena River, exploring life by the banks of a majestic river now at risk, and how a country recovers from conflict. An American writer of Argentine, Syrian, and Iraqi Jewish descent, Jordan Salama tells the story of the Río Magdalena, nearly one thousand miles long, the heart of Colombia. This is Gabriel García Márquez's territory—rumor has it Macondo was partly inspired by the port town of Mompox—as much as that of the Middle Eastern immigrants who run fabric stores by its banks. Following the river from its source high in the Andes to its mouth on the Caribbean coast, journeying by boat, bus, and improvised motobalnera, Salama writes against stereotype and toward the rich lives of those he meets. Among them are a canoe builder, biologists who study invasive hippopotamuses, a Queens transplant managing a failing

hotel, a jeweler practicing the art of silver filigree, and a traveling librarian whose donkeys, Alfa and Beto, haul books to rural children. Joy, mourning, and humor come together in this astonishing debut, about a country too often seen as only a site of war, and a tale of lively adventure following a legendary river.

The River and the Wall

Jan 01 2023 When a team of five explorers embarked on a 1,200-mile journey down the Rio Grande, the river that marks the southern boundary of Texas and the US-Mexico border, their goal was to experience and capture on film the rugged landscapes of this vast frontier before the controversial construction of a border wall changed this part of the river forever. The crew—Texas filmmaker Ben Masters, Brazilian immigrant Filipe DeAndrade, Texas conservationist Jay Kleberg, wildlife biologist Heather Mackey, and Guatemalan-American river guide Austin Alvarado—began the trip in El Paso, pedaling mountain bikes

through the city's dry river bed. Their path took them on horseback through the Big Bend, down the Wild and Scenic stretch of the river in canoes, and back to bikes from Laredo to Brownsville. They paddled the last ten miles through a forest of river cane to the Gulf of Mexico. As they made their way to the Gulf, they met and talked with the people who know and live on the river—border patrol, wildlife biologists, ranchers, politicians, farmers, social workers, locals, and travelers. They climbed the wall (in twenty seconds). They encountered rare black bears, bighorn sheep, and birds of all kinds. And they sought to understand the complexities of immigration, the efficacy of a wall, and the impact of its construction on water access, wildlife, and the culture of the borderlands. The River and the Wall is both a wild adventure on a spectacular river and a sobering commentary on the realities of walling it off.

Selling Water by the River Aug 28 2022 Work, sex, ice cream, religion—they all promise fulfillment. But what they deliver is fleeting. Jesus knew about this quest. He came to show us that peace is possible in this life, not just the next one. Yet Christianity, the very religion that claims Jesus as its own, has often built the biggest

barriers to him and the life he promised. Celebrated speaker and pastor Shane Hipps revives the faith with a fresh and persuasive understanding of the message of Jesus. The shocking truth is that Jesus proclaimed "eternal life" as a present reality that dwells within each of us. A transformative breakthrough, this book goes beyond "religion" or "spirituality" and cuts to the heart of our humanity and existence. It's about realizing that we already possess what we are searching for, and that the Heaven we long for isn't just a gift when we die, but a gift while we live.

Trudi Montag is a Zwerg—a dwarf—short, undesirable, different, the voice of anyone who has ever

tried to fit in. Eventually she learns that being different is a secret that all humans share—from her mother who flees into madness, to her friend Georg whose parents pretend he's a girl, to the Jews Trudi harbors in her cellar. Ursula Hegi brings us a timeless and unforgettable story in Trudi and a small town, weaving together a profound tapestry of emotional power, humanity, and truth.

The People of the River Aug 16 2021 In this history of the black peasants of Amazonia,

Oscar de la Torre focuses on the experience of African-descended people navigating the transition from slavery to freedom. He draws on social and environmental history to connect them intimately to the natural landscape and to Indigenous peoples. Relying on this world as a repository for traditions, discourses, and strategies that they retrieved especially in moments of conflict, Afro-Brazilians fought for autonomous communities and developed a vibrant ethnic identity that supported their struggles over labor, land, and citizenship. Prior to abolition, enslaved and escaped blacks found in the tropical forest a source for tools, weapons, and trade—but it was also a cultural storehouse within which they shaped their stories and records of confrontations with slaveowners and state authorities. After abolition, the black peasants' knowledge of local environments continued to be key to their aspirations, allowing them to maintain relationships with powerful patrons and to participate in

the protest cycle that led Getulio Vargas to the presidency of Brazil in 1930. In commonly referring to themselves by such names as "sons of the river," black Amazonians melded their agro-ecological traditions with their emergent identity as political stakeholders.

In the River Nov 18 2021
An intensely moving tale of survival, loss, and madness along the river's edge. A father and son fishing lesson becomes a nightmarish voyage to the sea in this visionary testament to the lengths we will go for those we love. "The simple story of a father and son going fishing somehow morphs into a soul-shattering tale of anxiety, loss, and vengeance wrapped in a surreal narrative about the things that can keep a person between this world and the next. Johnson is a maestro of the weird and one of the best writers in crime and horror, but this one erases all of those genres and makes him simply one of the best." —PANK Magazine "This is superb fiction with a raw, throbbing, aching heart at its core that is far too big to be contained within the book's pages but that is, by some bizarre magic, still there." —Vol. 1 Brooklyn "In the River is a brilliant

offering; the pain and strange beauty of it will wash over you and sweep you away."

—Scream Magazine "Gripping, horrifying, surreal...Think The Old Man and the Sea meets The Pearl meets Pet Sematary...But, dare I say it, In the River takes you to even darker places..." —Verbicide

Angels by the River Mar 23

2022 *Angels by the River* follows James Gustave Speth's unlikely path—from a Southern boyhood to his career as an influential mainstream environmentalist to his current system-changing activism. In this compelling memoir, Speth explores the issues, and

realities, that have shaped the nation since the 1950s, and that turned an "ultimate insider" into someone willing to be arrested in front of the White House. Born and raised in a town where both the best and worst of the South shone through—a town that eventually became the scene of South Carolina's horrific Orangeburg Massacre—Speth explores how the civil rights movement and the South's agrarian roots influenced his academic career at Yale and later work in the heyday of the environmental movement, when he helped launch two landmark and influential environmental groups—the Natural Resources Defense Council and the World Resources Institute—advise the White House on climate and other emerging issues, and lead the UN's development efforts around the globe. Speth fought to create and uphold the nation's toughest environmental laws, but now believes a new environmentalism is needed to confront today's challenges.

The advancing climate crisis cannot be addressed, he warns, as long as we remain fixated on endless growth and consumption, corporate profits, increasing the incomes of the well-to-do, neglecting those just getting by, and helping abroad only modestly. An American tale, in all its complexity, Speth's memoir is an inspiration—especially for readers contemplating how to make a difference in an increasingly complex world.

From the best-selling author of *The Dog Stars* comes the story of two college students on a wilderness canoe trip—a gripping tale of a friendship tested by fire, white water, and violence. "A fiery tour de force ... I could not put this book down. It truly was terrifying and unutterably beautiful."—The Denver Post Wynn and Jack have been best friends since college orientation, bonded by their shared love of mountains, books, and fishing. Wynn is a

gentle giant, a Vermont kid never happier than when his feet are in the water. Jack is more rugged, raised on a ranch in Colorado where sleeping under the stars and cooking on a fire came as naturally to him as breathing. When they decide to canoe the Maskwa River in northern Canada, they anticipate long days of leisurely paddling and picking blueberries, and nights of stargazing and reading paperback Westerns. But a wildfire making its way across the forest adds unexpected urgency to the journey. One night, with the fire advancing, they hear a man and woman arguing on the fog-shrouded riverbank; the next day, a man appears on the river, paddling alone. Is this the same man they heard? And if he is, where is the woman? From this charged beginning, master storyteller Peter Heller unspools a headlong, heart-pounding story of desperate wilderness survival.

Plantations by the River Sep 28
2022 French priest Joseph M. Paret (1807-1872) served in the missions of Louisiana from 1847 to 1869 as pastor of the Little Red Church, located upstream from New Orleans on the east bank of the Mississippi River. During his somewhat lonely tenure, Paret sketched landscapes, architecture, and interiors, capturing everyday life in prosperous St. Charles Parish. In 1987, fifty-three watercolors were discovered -- still bound in their original sketchbook -- among his personal effects. *Plantations by the River* contains twenty-eight of these paintings created in or about the year 1859. Paret's insightful artwork provides a visual social history of the antebellum creole culture of south Louisiana and documents properties in addition to

structures and furnishings of the period. The book features full-size reproductions of Paret's paintings, which have been restored to their original vibrancy. The value of Paret's detailed folk art lies in the accuracy of his depiction of the region he lived in. He faithfully renders parishioners attending church, men pulling driftwood from the Mississippi River, and the edifices and flora gracing local plantations Ormond and Good Hope, among many others. The text is presented in both English and French; and as a supplement to the art, an appendix of excerpts from *Mon Journal d'Amerique* -- a collection of correspondence between Paret and his family -- is included. The beautiful, brightly colored paintings of Plantations by the River are a rare discovery and provide a unique view of rural Louisiana life before the onset of the Civil War.

The View Across the River
Nov 26 2019 This is a paperbound edition of a 2001 book combining biography and

larger historical narrative. Guy (history, U. of Natal, South Africa) studies the life of the daughter of the Bishop of Natal, Hariette Colenso, as a window into the continuing process of imperialism and colonialism after the destruction of the Zulu Kingdom's political hierarchy. After the military defeat of the Zulus, the invaders turned their attention to diverting Zululand's productive capacity and material wealth to the benefit of the colonizers; but a number of women and men, including Colenso, resisted this exploitation. Guy argues that an examination of her interaction with the Zulus should be viewed as a contribution to understanding the complicated role of women in the world of late-19th-century imperialism.

The River Why Jan 21 2022

The classic novel of fly fishing and spirituality republished with a new Afterword by the author. Since its publication in 1983, *The River Why* has become a classic. David James Duncan's sweeping novel is a coming-of-age comedy about love, nature, and the quest for self-discovery, written in a voice as distinct and powerful as any in American letters. Gus

Orviston is a young fly fisherman who leaves behind his comically schizoid family to find his own path. Taking refuge in a remote cabin, he sets out in pursuit of the Pacific Northwest's elusive steelhead. But what begins as a physical quarry becomes a spiritual one as his quest for self-knowledge batters him with unforeseeable experiences. Profoundly reflective about our connection to nature and to one another, The River Why is also a

comedic rollercoaster. Like Gus, the reader emerges utterly changed, stripped bare by the journey Duncan so expertly navigates.
