*Selected Philosophical Poems
of Tommaso Campanella* Jul 29

2022 A contemporary of
Giordano Bruno and Galileo,
Tommaso Campanella
(1568-1639) was a
controversial philosopher,
theologian, astrologer, and
poet who was persecuted
during the Inquisition and
spent much of his adult life
imprisoned because of his
heterodox views. He is best
known today for two works:
The City of the Sun, a dialogue
inspired by Plato's Republic, in
which he prophesies a vision of
a unified, peaceful world
governed by a theocratic
monarchy; and his well-
meaning Defense of Galileo,
which may have done Galileo
more harm than good because
of Campanella's previous
conviction for heresy. But
Campanella's philosophical
poems are where his most
forceful and undiluted ideas

reside. His poetry is where his faith in observable and experimental sciences, his astrological and occult wisdom, his ideas about deism, his anti-Aristotelianism, and his calls for religious and secular reform most put him at odds with both civil and church authorities. For this volume, Sherry Roush has selected Campanella's best and most idiosyncratic poems, which are masterpieces of sixteenth-century Italian lyrics, displaying a questing mind of great, if unorthodox, brilliance, and showing Campanella's passionate belief in the intrinsic harmony between the sacred and secular.

03 2023 Amid the bustling and

mediocre everyday, it seems

that only children are capable

of appreciating the beauty of

the universe. In a world of

adults, these children leave on

an adventure to pursue their

dreams, and do so with a quiet

courage, consistent with the

quiet atmosphere of restored

beauty. Mondo, a child-poet,

bohemian, an orphan, wanders

around the coast, through

crowded streets. He is

accompanied in his travels

through marginal beings

capable of understanding, teaching him to read or talk to him about fishing. Without family and surrounded by many friends, with her frightened eyes adorn the others have the perception of reality Eight stories that are an ode to the beauty of the world, large natural spaces and fulfillment today.

Reclaiming Catherine of

Siena Jul 05 2020 Catherine of

Siena (1347-1380) wrote

almost four hundred epistles in

her lifetime, effectively

insinuating herself into the

literary, political, and

theological debates of her day.

At the same time, as the

daughter of a Sienese dyer,

Catherine had no formal

education, and her

accomplishments were

considered miracles rather

than the work of her own hand.

As a result, she has been

largely excluded from accounts

of the development of

European humanism and the

language and literature of

Italy. Reclaiming Catherine

of Siena makes the case for

considering Catherine alongside literary giants such as Dante and Petrarch, as it underscores Catherine's commitment to using the vernacular to manifest Christ's message—and her own. Jane

Tylus charts here the contested

struggles of scholars over the

centuries to situate Catherine

in the history of Italian culture

in early modernity. But she

mainly focuses on Catherine's

works, calling attention to the

interplay between orality and

textuality in the letters and

demonstrating why it was so

important for Catherine to

envision herself as a writer.

Tylus argues for a reevaluation

of Catherine as not just a

medieval saint, but one of the

major figures at the birth of the

Italian literary canon.

Heresy, Culture, and

Religion in Early Modern

Italy Jan 11 2021 Leading

scholars from Italy and the

United States offer a fresh and

nuanced image of the religious

reform movements on the

Italian peninsula in the

sixteenth and seventeenth

centuries. United in their conviction that religious ideas can only be fully understood in relation to the particular social, cultural, and political contexts in which they develop, these scholars explore a wide range of protagonists from popes, bishops, and inquisitors to humanists and merchants, to artists, jewelers, and nuns. What emerges is a story of negotiations, mediations, compromises, and of shifting boundaries between heresy and orthodoxy. This book is essential reading for all students of the history of Christianity in early modern Europe.

L'anima del mondo Aug 30 2022

Dies Irae Nov 08 2020 Siamo

negli anni '90, il muro di

Berlino è appena crollato

portandosi dietro l'impero

sovietico. Con la fine della

Guerra Fredda e il progressivo

disarmo, si diffonde l'idea che

il mondo sia un luogo più

sicuro, destinato a un futuro

migliore, più democratico e più

tecnologico, grazie

all'informatica, che in quegli

anni è in pieno sviluppo. E, invece, l'Inghilterra si trova ad affrontare il disastro più grande della storia dell'aviazione civile inglese. Nella confusione generale che ne segue, l'agente dell'MI6 Jack Russell, moderno James Bond, si mette sulle tracce di uno scienziato scomparso in Marocco. Così si ritroverà a fare i conti con un misterioso libro e un mondo antico, popolato da criminali che si stanno preparando al DIES IRAE, il giorno dell'ira, ossia quello del Giudizio Universale. Mi chiamo Donato Zambelli, mi sono laureato in Ingegneria al Politecnico di Milano e per quasi quarant'anni ho svolto la professione di ingegnere, occupandomi soprattutto di energia e ambiente. Una volta in pensione, mi sono dedicato al completamento di un progetto iniziato anni or sono, quando mi trovai a trascorrere le ferie senza un libro da leggere. Decisi allora di inventarmelo, cioè di costruire nella mia mente il libro che mi sarebbe piaciuto leggere. Questa attività riempi

gradevolmente la mia vacanza e proseguì anche dopo: avevo scoperto un'isola virtuale che potevo raggiungere ogniqualvolta volessi, dove vincere la noia e liberare la fantasia, dove potermi rilassare e quindi divertire. Per poi metterlo su carta c'è voluto tempo, ma il risultato finale corrisponde a ciò che mi ero prefissato, ossia un romanzo d'azione che si sviluppa come un gioco enigmistico, che il lettore dovrà cercare di risolvere.

Il sussurro del mondo May 03 2020

[Ancient Literacies](#) Dec 30 2019

This timely volume attempts to formulate interesting new ways of talking about the entire concept of literacy in the ancient world--literacy not in the sense of whether 10% or 30% of people in the ancient world could read or write, but in the sense of text-oriented events embedded in a particular socio-cultural context. The volume is intended as a forum in which selected leading scholars rethink from the ground up

how students of classical antiquity might best approach the question of literacy in the past, and how that investigation might materially intersect with changes in the way that literacy is now viewed in other disciplines.

Matteo Ricci in Cina. amicizia e fede (Matteo Ricci in China.

Friendship and Faith) Oct 08

2020 Presented by the Faculty of Missiology of the Pontifical

Gregorian University in collaboration with professors

from other departments and also colleagues at the Fu Jen

Catholic University, this volume gives a completely new

portray of Matteo Ricci who has been through his creative fidelity a great son of St.

Ignatius of Loyola and was shaped and formed through the

Spiritual Exercises. It would

certainly build bridges between the East and the West, between

Chinese Nations and the Western countries, between the cultures and religions of the world. During this 400th anniversary of the death of Matteo Ricci, many exhibitions, seminars and conferences have taken place in Macerata, Shanghai, Taipei, Rome and other places to honour the great scholar and Jesuit missionary. Likewise several books have been published to remember the scholarly achievements of this Italian mathematician, geographer, theologian, and linguist, including a small book entitled 'Amicizia'. This was Ricci's first piece of writing in Chinese; later on, he translated it into Italian. Different versions of this booklet are preserved in European and Chinese archives. This Tract contains quotes from Western

philosophers on the topic of Friendship – a topic dear to Chinese scholars. Here, in this volume, is an English translation of the version conserved in the Archives of Pontifical Gregorian University. In addition, three letters of Matteo Ricci had written just before his death on May 11th 1610 have been translated from the original Italian.
