A gripping account of one of the Royal Navy's most significant modern warships. The HMS *Invincible* is a ship whose eventful life story, it is argued, embodies that of the Royal Navy itself during the second half of the 20th century and into the 21st. From her conception and design, through her various deployments (including the Falklands) and her evolving role and technical adaptation to meet changing strategic requirements, her fluctuating fortunes have been intertwined with those of the Royal Navy as a whole. Now, as a new breed of carriers is being commissioned to replace her, this thoroughly researched analysis of her career is the perfect platform from which to ask the important questions regarding the future role of the Royal Navy and Britain's place in the world. But more than just a tie-in, it tells Papale's story in his own words, covering subjects not included in the film.
