Kevin Liles rose from intern to president of Def Jam Records in only nine years. Today, at age thirty-seven, he is executive vice president of the Warner Music Group and has helped discover and direct the careers of stars such as Jay-Z and Ludacris. Liles' meteoric climb from urban street kid with hip-hop aspirations to one of the most successful and influential executives in the music industry is far more than a rags-to-riches story. It is a tribute to Liles' incredible work ethic, wisdom and confidence in doing his thing his way -- the hip-hop way. "Every real success story in hip hop comes down to the same thing: someone who finds the will, focus and drive to achieve," Liles writes in *Make It Happen: The Hip-Hop Generation Guide to Success*. "It doesn't matter if you are male or female. It doesn't matter what race or religion you are. It doesn't matter what hustle you choose." What does matter, Liles says, is that you fight against the odds to realize a dream and be the best that you can be. You empower yourself and make it happen. Kevin Liles presents ten rules of business success, which range from "Find Your Will" and "The Blueprint" to "Don't Let Cash Rule" and "Play Your Position." As he outlines his philosophy, Liles shares how he put his principles to work, chronicling his journey to the top and the stories of others -- executives, artists, mentors and friends -- he has worked with along the way. *Make It Happen* is both an American success story and a guidebook for the road to having a

career and a life you love. **WHY NOT ME? IS THE STORY OF TODD SIMMONS**. Growing up, he faced a number of challenges related to race, education, economics, and even family dynamics. Todd narrowly escaped the pitfalls of a life that swallowed up many others in similar circumstances. But one day, Todd bumped into a military recruiter who changed his life. He graduated high school and joined the United States Air Force, where his life began filling with new opportunities. He continued to face professional and personal challenges as he moved through the ranks. Racism from fellow airmen, a terrorist incident, and petty competition worked against him from the outside. Depression and the emotional fallout from a troubled upbringing worked against him from within. Through it all, he persevered and did everything he could to improve himself. He embraced the importance of education and mental health, which have become cornerstones of the message he wants to share with others--one of hope, perseverance, and self-empowerment. There were people along the way who opened doors and inspired him, and he has remained dedicated to paying that help forward to others who might need it now. *Why Not Me?* is an autobiographical account infused with reflection, one that will inspire you to overcome your challenges and be the best possible version of yourself. As USA TODAY, the Nation's No. 1 Newspaper, puts it, Russell Simmons "helped found the hip-hop movement and turn it into a huge money-making machine." He co-founded Def Jam Records, one of the first successful hip-hop record labels. He also worked with many of hip-hop's earliest stars, such as Run-D.M.C. and the Beastie Boys. Raised in Queens, New York, Simmons grew up obsessed with music--and fought to make a life for himself in the music business. After helping push hip-hop into the mainstream, he took on fashion, film production, and advertising, among other projects. Later, he turned to activism, using his influence to aid different social causes. Throughout it all, Simmons has held onto his unique personal style and unmistakable attitude. **#1 NEW YORK TIMES BESTSELLER** • A panoramic experience that tells the story of Beastie Boys, a book as unique as the band itself—by band members ADROCK and Mike D, with contributions from Amy Poehler, Colson Whitehead, Wes Anderson, Luc Sante, and more. The inspiration for the Emmy-nominated Apple TV+ “live documentary” *Beastie Boys Story*, directed by Spike Jonze **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY** Rolling Stone • The Guardian • Paste Formed as a New York City hardcore band in 1981, Beastie Boys struck an unlikely path to global hip hop superstardom. Here is their story, told for the first time in the words of the band. Adam “ADROCK” Horovitz and Michael “Mike D” Diamond offer revealing and very funny accounts of their transition from teenage punks to budding rappers; their early collaboration with Russell Simmons and Rick Rubin; the debut album that became the first hip hop record ever to hit #1, *Licensed to Ill*—and the album’s

messy fallout as the band broke with Def Jam; their move to Los Angeles and rebirth with the genre-defying masterpiece Paul's Boutique; their evolution as musicians and social activists over the course of the classic albums Check Your Head, Ill Communication, and Hello Nasty and the Tibetan Freedom Concert benefits conceived by the late Adam "MCA" Yauch; and more. For more than thirty years, this band has had an inescapable and indelible influence on popular culture. With a style as distinctive and eclectic as a Beastie Boys album, Beastie Boys Book upends the typical music memoir. Alongside the band narrative you will find rare photos, original illustrations, a cookbook by chef Roy Choi, a graphic novel, a map of Beastie Boys' New York, mixtape playlists, pieces by guest contributors, and many more surprises. Praise for Beastie Boys Book "A fascinating, generous book with portraits and detail that float by in bursts of color . . . As with [the band's] records, the book's structure is a lyrical three-man weave. . . . Diamond's voice is lapidary, droll. Horovitz comes on like a borscht belt comedian, but beneath that he is urgent, incredulous, kind of vulnerable. . . . Friendship is the book's subject as much as music, fame and New York."—The New York Times Book Review "Wild, moving . . . resembles a Beastie Boys LP in its wild variety of styles."—Rolling Stone What do Russell Simmons, Shepard Fairey, and Jay-Z, have in common, besides being some of the most respected influential people in the world? They felt the need to come together to represent their art for the sake of this book. The objective of the project is to showcase the art behind the lyrics of hip-hop in juxtaposition of similar themes in contemporary art, to encourage readers to consider the meaning and value behind these works and themes at large. It celebrates the long-standing relationship between the visual arts and hip-hop music, and is the result of a collaboration between two giants of the American music scene. Each chapter of the book will have a theme: for example, the chapter about New York, titled "Empire State of Mind" after Jay-Z's epic single, which peaked within the top ten in ten countries in 2009. Lyrics from the song are presented beside contemporary art inspired by New York, an exclusive commentary from Russell and Danny Simmons, and a contextualizing text from legendary writer and activist Nikki Giovanni, as well as other academics. This concept of presenting songs, art, and interviews alongside each other offers an incomparable insight into the influence that hip-hop has on contemporary culture, and the unrivaled significance that this subculture has risen to. This collaboration between so many big names in music, art, and academia is a unique project. Tracing the careers of hip-hop's three most dynamic stars, this deeply reported history brilliantly examines the entrepreneurial genius of the first musician tycoons: Diddy, Dr. Dre, and Jay-Z Being successful musicians was simply never enough for the three kings of hip-hop. Diddy, Dr. Dre, and Jay-Z lifted themselves from childhood adversity into tycoon territory, amassing levels of fame and wealth that not only outshone all other contemporary hip-hop artists, but with a combined net worth of well over \$2 billion made them the three richest American musicians, period. Yet their fortunes have little to do with selling their own albums: between Diddy's Ciroc vodka, Dre's \$3 billion sale of his Beats headphones to Apple, and Jay-Z's Tidal streaming service and other assets, these artists have transcended pop music fame to become lifestyle icons and moguls. Hip-hop is no longer just a musical genre; it's become a way of life that encompasses fashion, film, food, drink, sports, electronics and more - one that has opened new paths to profit and to critical and commercial acclaim. Thanks in large part to the Three Kings-who all started their own record labels and released classic albums before moving on to become multifaceted businessmen-hip-hop has been transformed from a genre spawned in poverty into a truly global multibillion-dollar industry. These men are the modern embodiment of the American Dream, but their stories as great thinkers and entrepreneurs have yet to be told in full. Based on a decade of reporting, and interviews with more than 100 sources including hip-hop pioneers Russell Simmons and Fab 5 Freddy; new-breed executives like former Def Jam chief Kevin Liles and venture capitalist Troy Carter; and stars from Swizz Beatz to Shaquille O'Neal, 3 Kings tells the fascinating story of the rise and rise of the three most influential musicians in America. An inside look at the world's largest and most successful hip-hop record label traces the evolution of Def Jam, Inc. from an idea hatched in an NYU dorm room in 1984 to a multibillion-dollar hip-hop phenomenon. Captures the history of the

formative years of hip-hop, including such rap pioneers as Afrika Bambaataa, MC Sha Rock, and DJ Kool Herc. In When We Free the World, acclaimed writer and activist Kevin Powell presents a stunning and brutally honest survey of America, yesterday and today, and what he hopes for its future, through the window of his own very painful personal trials - as #MeToo, Black Lives Matter, mass shootings, immigration, a global pandemic, and Donald Trump rotate in the background. The result is a deeply spiritual and emotional reminder of why freedom and justice and equality still remain so elusive for many, in this nation, on this planet. Inspired by the poetic dream montage of Langston Hughes, the prophetic letter sermon of James Baldwin, and Bobby Kennedy's raw and naked eulogy speech for Dr. King, Powell has created a fearless literary and political manifesto that is a town-hall meeting for an America seemingly at war with its own soul. With a passion and sensitivity that few writers of his generation can match, Powell tackles leadership, history, family, community, parenting, education, the legal system, racism, sexism, love, hate, forgiveness, mental health, and violence in all forms. And he challenges us, from beginning to end, on what that word "freedom" means, or ought to mean, for all human beings. Some of the smartest, most successful people in the country didn't finish college. None of them learned their most critical skills at an institution of higher education. And like them, most of what you'll need to learn to be successful you'll have to learn on your own, outside of school. Michael Ellsberg set out to fill in the missing pieces by interviewing a wide range of millionaires and billionaires who don't have college degrees, including fashion magnate Russell Simmons and Facebook founding president Sean Parker. This book is your guide to developing practical success skills in the real world: how to find great mentors, build a world-class network, make your work meaningful (and your meaning work), build the brand of you, and more. Learning these skills is a necessary addition to any education, whether you're a high school dropout or graduate of Harvard Law School. But who gave America Def Jam? Russell Simmons and Rick Rubin did. *The Men Behind Def Jam* examines the most unlikely history of the legendary label that started life in a student dorm and went on to introduce the world to LL Cool J, the Beastie Boys, Public Enemy, DMX and Jay-Z. Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity - How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the

world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.
