World of Warcraft and

Philosophy Feb 06 2021 World of Warcraft is the most popular ever MMORPG (massively multiplayer online role playing

game), with over twelve million subscribers and growing every day. WoW is everywhere - from episodes of South Park and The Simpsons, to online series like Watch the Guild, accolades and awards from game critics, prime-time commercials with William Shatner and Mr. T., and even criminal and civil courts in the real world. People marry and divorce individuals they have met in the game, realworld financial markets thrive in virtual WoW property, parents have their kids treated' for Warcraft addiction, and real-world lawsuits, vendettas, and murders have been provoked by the game. Since identities are known to be assumed, is it okay to totally

misrepresent yourself in the game? Does the Corrupted Blood epidemic warn us of future public health catastrophes? How can it be wrong to steal something which doesn't exist or torture characters who don't feel pain? Is warfare really essential to the world of Warcraft? What can our own world learn from Azeroth's blend of primitivism and high-tech? A specially commissioned guild of philosophers tackle these and other hard questions in World of Warcraft and Philosophy. "Finally, something Horde and Alliance alike can enjoy! Log off and curl up with World of Warcraft and Philosophy: you'll level up your Intellect for

better boasting at your next guild party and cocktail party alike. "

Badass Habits Mar 10 2021
New York Times best-selling author Jen Sincero gets to the core of transformation: habits - breaking, making, understanding, and sticking with them like you've never stuck before. *Badass Habits* is a eureka-sparking, easy-to-digest look at how our habits make us who we are, from the measly moments that happen in private to the resolutions we loudly broadcast (and, erm, often don't keep) on social media. Habit busting and building goes way beyond becoming a dedicated flosser or never showing up late again-

-our habits reveal our unmet desires, the gaps in our boundaries, our level of self-awareness, and our unconscious beliefs and fears. *Badass Habits* features Jen's trademark hilarious voice and offers a much-needed fresh take on the conventional wisdom and science that shape the optimism (or pessimism?) around the age-old topic of habits. The book includes enlightening interviews with people who've successfully strengthened their discipline backbones, new perspective on how to train our brains to become our best selves, and offers a simple, 21 day, step-by-step guide for ditching habits that don't serve us and

developing the habits we deem most important. Habits shouldn't be impossible to reset--and with healthy boundaries, knowledge of--and permission to go after--our desires, and an easy to implement plan of action, we can make any new goal a joyful habit.

Cowboy Samurai X Badass Android Mar 29 2020
Seventeen-year-old Jake Lonestar is a student attending Amarillo High School in Texas. Jake wishes he were just a normal American teen with a lot of friends and maybe even a cute girlfriend. But Jake's adolescence is far from normal due to a incident in his youth that left Jake with supernatural

powers: with a single touch, Jake causes everyday electronic devices to morph into murderous robotic machinery. Because of this, Jake has earned a reputation with his classmates; they see him as a freak. When aliens abduct Jake's family from the Lonestar Ranch, an eccentric adult toy inventor named Dr. Valery Dax appears. She claims to be Jake's aunt and takes him to New York City with her. Dr. Valery wants Jake to join the Samurai Superheroes Force (the SSF for short) and partner up with smartass hacker and veteran superhero, Mr. Suit. Dr. Valery has equipped the SSF with genetically engineered warhorses and

living-metal swords in order to combat the newest threat in New York's underworld-cyborgs. But when Jake is still not impressed, Dr. Valery sets one of her sex droids to "persuade" him. However, with Jake's power, one touch to the android and she ends up evolving: developing free will, a wicked personality, a foul mouth and a serious chain-smoking problem! Strangely enough, Jake finds this all pretty hot. Can a perverted, lazy coward like Jake Lonestar really become a superhero? Find out as Jake Lonestar battles cyborgs, befriends quirky aliens, seduces androids and tries to find the courage to live up to his new superhero

name: Cowboy Samurai.

Forever Yours Sep 03 2020 Burning ambition, brutal setbacks, meteoric rises, and unbelievable coincidences. Teetering on the edge of the abyss, risking everything, and reaching multi-national stardom. Not to mention life choices that could have sent

the whole story in an entirely different direction. The life of Samu Haber - front man of Finnish rock band Sunrise Avenue ("Hollywood Hills", "Fairytale Gone Bad") and celebrity judge on The Voice of Germany - has been one stupendous roller-coaster ride. His passion for music has been the constant that kept him sane throughout. Written in a brisk, engaging - and characteristically charming - style, this exclusive autobiography is Samu's true story: from shady encounters, narrow escapes, and a barrage of record-company rejections to muscling his own way into pan-European music stardom. With vivid recall and total candour,

Samu charts his determined path to success - but also the price he and loved ones paid along the way: burnout, broken relationships, artistic crises, and one close call after another. At turns tender, hilarious, and incredible, this thrilling full-disclosure read is a must for all Sunrise Avenue fans and for anyone that dreams of something other than the ordinary.

Guardian of Magic Feb 27 2020 Evil has never been so outrageous, unpredictable, and hilarious. "Wickedly funny!" ~New York Times bestselling author, Melanie James P.B. Noble is so ready to become the magical Guardian of the City of Boston...until she stumbles across the murder-in-process of the current Guardian. Her rescue attempt is a total fail, and puts her face-to-face with the GoD of Evil, a bad guy so nasty that he isn't even supposed to exist. Guess what? He does. And he's worse than anyone realizes. And, to top it off, his real target isn't the Guardian he just killed. It's P.B. When P.B. decides not to join the GoD of Evil in his

psychotic world peace plan, he puts on the pressure by kidnapping her bestie, torturing an immortal warrior that just might be her first chance at true love, and completely screwing up the opening night of her new magical night club. If P.B. refuses to join him, everything that matters to her will be destroyed. But if she does cave to his demands, then the entire world will be annihilated. It's a tough call, really, but what's an overmatched, undertrained interim Guardian to do? Go for the option he didn't offer, which is to align with a slightly demented werewolf, recruit her all-too-human celebrity ex-boyfriend, and turn her less-

than-impressive magical talent into a weapon. Or die. That's an option too. Unfortunately.

Conspiracies abound on the geopolitical sphere that range from the outrageous to ones based on facts. Here the author KC Bhattacharya weaves a tapestry from all the most credible theories into an action-packed and informative fictional story that is based on the Western, Middle Eastern and Vedic [Srimad Bhagavatam] perspectives. The main character is a human who

has mystic powers from his past lives, who teams up with a rakshasa coming from the subterranean world in order to fight against the ancient enemies of mankind, the Nagas [Snake People], who have been working with an ancient evil lord, who proclaims himself as god and has been manipulating mankind for his own purpose for thousands of years. Robert O'Sullivan is a former US Marine Special Forces Specialist who ends up being thrust into a world of geopolitical intrigue and evil where he must use all his training from both this life and past lives to be able to not only survive but to win against an ancient evil that is hell bent on

enslaving mankind. This book is the first of a trilogy of books which outlines a future of mankind where industry and urban life is destroyed through viruses and nuclear war forcing mankind to adopt Agrarian culture, but the relentless forces of evil continue to divide mankind through conflict and war pitting good against evil until a final conflict - "The war to end all wars".

Crying Laughing Apr 10 2021 A tragicomic story of bad dates, bad news, bad performances, and one girl's determination to find the funny in high school from the author of Denton Little's Deathdate. Winnie Friedman has been waiting for the world to catch on to what she already knows: she's hilarious. It might be a long wait, though. After bombing a stand-up set at her own bat

mitzvah, Winnie has kept her jokes to herself. Well, to herself and her dad, a former comedian and her inspiration. Then, on the second day of tenth grade, the funniest guy in school actually laughs at a comment she makes in the lunch line and asks her to join the improv troupe. Maybe he's even . . . flirting? Just when Winnie's ready to say yes to comedy again, her father reveals that he's been diagnosed with ALS. That is . . . not funny. Her dad's still making jokes, though, which feels like a good thing. And Winnie's prepared to be his straight man if that's what he wants. But is it what he needs? Caught up in a spiral of epically

bad dates, bad news, and bad performances, Winnie's struggling to see the humor in it all. But finding a way to laugh is exactly what will see her through. **A Junior Library Guild Selection**

The Real Deal Dec 19 2021

The only thing you can plan for in life is change. There are caves located in the foothills of the Appalachians which run through North Alabama. Quiet and mostly untouched land surrounds them as the mountains fall lazily toward the Tennessee River waterway. Decades ago men hid their stills in those caves. Today something much more sinister is cooking within them. Jessica Mackenzie made a plan for

herself early on; she dedicated herself to it and worked the hell out of it. Until four men got in the way. Life turned on a dime and kept spinning as though it hung by a string. Passion. Love. Loyalty. Loss. Anger. Fear. Frustration. If you're lucky you work through the changes in life, become stronger by surviving and learn the only thing that really matters — the real deal— is love. *Due to adult content and language, this book is intended for audiences 18 years and older.*
