In this “long overdue manifesto on gender equality in the workplace, a practical playbook with tips you can put into action immediately...simply priceless” (Angela Duckworth, bestselling author of Grit), The No Club offers a timely solution to achieving equity at work: unburden women’s careers from work that goes unrewarded. The No Club started when four women, crushed by endless to-do lists, banded together to get their work lives under control. Running faster than ever, they still trailed behind male colleagues. And so, they vowed to say no to requests that pulled them away from the work that mattered most to their careers. This book reveals how their over-a-decade-long journey and subsequent groundbreaking research showing that women everywhere are unfairly burdened with “non-promotable work,” a tremendous problem we can—and must—solve. All organizations have work that no one wants to do: planning the office party, screening interns, attending to that time-consuming client, or simply helping others with their work. A woman, most often, takes on these tasks. In study after study, professors Linda Babcock (bestselling author of Women Don’t Ask), Brenda Peyser, Lise Vesterlund, and Laurie Weingart—the original “No Club”—document that women are disproportionately asked and expected to do this work. The imbalance leaves women overcommitted and underutilized as companies forfeit revenue, productivity, and top talent. The No Club walks you through how to change your workload, empowering women to make savvy decisions about the work they take on. The authors also illuminate how organizations can reassess how they assign and reward work to level the playing field. With hard data, personal anecdotes from women of all stripes, self- and workplace-assessments for immediate use, and innovative advice from the authors’ consulting Fortune 500 companies, this book will forever change the conversation about how we advance women’s careers and achieve equity in the 21st century. Can I Ask You a Question? What would life be like if you knew exactly how to attract women? If you could get the girls you've always wanted? If you could be a man women were sexually drawn to... would that change your life? Hi, my name is Zac Miller. In my many years here on earth I've had my share of experiences with women. And like most men, I wasn't born knowing what attracts women or what they want, but there came a point in my life where I was fed up and did something about it. Many men just say "women are crazy," and they leave it at that, not trying to understand them. I couldn't have that... While women are in fact crazy, I have put together a book which explains what they want, what

attracts them to men, and how you can start attracting women. It's taken me many, many years, and many, many sleepless nights, but after all was said and done, I believe I have made the best book available when it comes teaching men everything it takes to successfully attract women. Here's What You'll Learn in This Book Chapter 1: Appearance - While it's been this way for many years, the advent of website profiles and dating apps has made a masculine appearance much more important for men in this day and age. Here I share with you the many ways you can appear more attractive to women, as well the ideal body type women are looking for in a man (hint: it's not abs). Chapters 2 & 3: Attractive & Unattractive Qualities - Ever notice how women are attracted to jerks and "bad boys?" It's because they display many attractive qualities women desire. In these chapters, I share with you what exactly these qualities are, while also going over attributes you need to stay away from, which push women away. Chapter 4 & 5: Talking to Women - Next, we go over how to talk to women and connect with them, in turn attracting them to you. I show you how to approach girls, get their contact information, and how to conversant with them afterwards to secure a date. I go over the number one mistake most guys make during this process, as well as the one quality that will put you above all other men when talking to women (hint: it's not a lifted truck). Chapter 6: The Date - We then go over how to handle the date. I show you exactly how to ask for the date, where to go, and what to do during the date. This includes conversation topics that release dopamine (feel good) chemicals in a woman's brain, as well as techniques you can employ during the date to keep her attention. I then go over what to do after the date to keep her interested in you for the long run to make her your girlfriend. Chapter 7: The What If's? - What if she flakes on the date? What if she says maybe? What if she starts losing interest? All these questions and more are handled in this chapter, showing you the exact techniques to employ to handle each situation, which will keep a woman interested in you. Appendix - I provide 70 opening messages, original to this book, to use when texting girls. These are unique, funny messages, which will make you stand out from other men. As a FREE bonus, only to buyers of this book, I provide you with my special report, Subconscious Attraction: 3 Techniques that Will Attract Her Subconsciously. These are perfect to use during the first date! If you want to become more successful with women and start getting the girls you've always desired, you can't risk not knowing this information. Go to the "Buy now with 1-click" button at the top of this page, and pick up How to Attract Women RIGHT NOW! At last, women find trustworthy answers to the real questions of life in the "privacy" of a book. Women who are looking for honest answers to some of life's most puzzling and troubling questions need look no further. Information is drawn from the wisdom of a favorite feature in the award-winning magazine Today's Christian Woman. Sample questions include: How can I stop overspending? Should I look for a husband through a Christian dating service? How can I balance work and being a wife and mom? Organized for easy reference in twelve major themes, each section also includes resources for additional information on that topic. Whether stuck on autopilot or totally off course, What Would a Wise Woman Do? provides a roadmap for today's woman back to a more authentic and joyful life. Laura Atchison had it all—a great career, ambitious goals, and loving family—when she realized she was off course. By digging deeper, she discovered she hadn't been asking herself the right questions—and as a result, had been living the wrong answers. By revealing her riveting and candid story—including mistakes she made along the way—Atchison provides practical lessons on how to be a more wise and fulfilled woman by asking the right key questions in career, family, relationships, spiritual life, finances, and more. Did you know that by failing to negotiate her starting salary for her first job, a woman may sacrifice over a half a million pounds in earnings by the end of her career? Yet, as research reveals, men are four times as likely to ask for higher pay than are women with the same qualifications. In this eye-opening book, Linda Babcock and Sara Laschever draw on research in psychology, sociology, economics and organisational behaviour as well as dozens of interviews to explore the personal and societal reasons why women seldom ask for what they need, want and deserve at work and at home. Why Women Don't Ask - a sensation when published in the US in 2003 - is a call to arms that will help you recognise the ways in which our culture perpetuates inequalities - and how you can begin to overcome them. From the authors of Women Don't Ask, the groundbreaking book that revealed just how much women lose when they avoid negotiation, here is the action plan that women all over the country requested—a guide to negotiating anything effectively using strategies that feel comfortable to you as a woman. Whether it's a raise, that overdue promotion, an exciting new assignment, or even extra help around the house, this four-phase program, backed by years of research and practical success, will show you how to recognize how much more you really deserve, maximize your bargaining power, develop the best strategy for your situation, and manage the reactions and emotions that may arise—on both sides. Guided step-by-step, you'll learn how to draw on your special strengths to reach agreements that benefit everyone involved. This collaborative, problem-solving approach will propel you to new places both professionally and personally—and open doors you thought were closed. For readers who loved Do You Think I'm Beautiful? Angela Thomas's new book explores a woman's need to be known and loved—just as she is. In her book Do You Know Who I Am? Angela Thomas asks God if He knows her—and ultimately does He love her—as she is, right now, today. In each chapter, she names a different identity issue, such as: “I am invisible,” “I am worn out,” “I am undisciplined,” “I am ordinary,” and “I am afraid to dream.” With each honest admission, Angela teaches that God lovingly replies, “Yes, I know your heart. I see your struggle. Now...do you know who I AM?” Ultimately Angela reveals that the secret to being known and loved lies in an intimate understanding of who God is. Each identity struggle is answered with a short biblical study on the character of God that assures readers that their personal, spiritual, and eternal fulfillment is not dependent on getting themselves together. Rather, God has a purpose for them just as they are—broken, afraid, disappointed, disillusioned. Through vivid storytelling, biblical teaching, and practical application, readers will find the heartfelt answers they seek. From the author of New York Times bestseller You're Wearing That? this bestselling classic work draws upon groundbreaking research by an acclaimed sociolinguist to show that women and men live in different worlds, made of different words. Women and men live in different worlds...made of different words. Spending nearly four years on the New York Times bestseller list, including eight months at number one, You Just Don't Understand is a true cultural and intellectual phenomenon. This is the book that brought gender differences in ways of speaking to the forefront of public awareness. With a rare combination of scientific insight and delightful, humorous writing, Tannen shows why women and men can walk away from the same conversation with completely different impressions of what was said. Studded with lively and entertaining examples of real conversations, this book gives you the tools to understand what went wrong -- and to find a common language in which to strengthen relationships at work and at home. A classic in the field of interpersonal relations, this book will change forever the way you approach conversations. THE REVEALING AND RIP-ROARINGLY FUNNY GUIDE TO MAKING EVERY RELATIONSHIP SMARTER, SANER, AND HAPPIER It's all very simple. When it comes to women, men are profoundly stupid. And when it comes to men, women—no matter how intelligent or mature—are completely crazy. Based on this groundbreaking insight, comedy writers and real-life couple Howard J. Morris and Jenny Lee have devised a relationship guide that is refreshingly honest, completely hilarious, and surprisingly practical. Using their own crazy/stupid romance as an example, they explain why women ask questions they don't want answered—and why men persist in answering them. Why do guys suck at being romantic? And why does every conversation with a woman lead back to whether or not she's fat? With wit, hard-earned wisdom, and an entertaining he said/she said format, the authors explore the unwitting method to his dumbness and the valid reasons behind her insanity while providing real relationship solutions and helping couples to reach the place where giving isn't giving in, needing isn't needy, and the sexes can break dysfunctional patterns and find a way to live happily ever after. The Straight Scoop on the Questions That Make You Blush Why do I feel turned on when breastfeeding? Could an epidural paralyze me? Am I awful for feeling sad my baby isn't the sex I'd hoped for? In this comprehensive new book, doula and birth educator Bailey Gaddis offers frank girlfriend talk and expert advice about pregnancy, childbirth, and early motherhood. During her own pregnancy, Bailey had many unanswered questions she felt were too taboo or embarrassing to ask. To help other women have a more informed, less cringey experience, she went on to train as a birth professional, and her work has inspired this book. Bailey consulted with medical experts and psychologists to ensure accurate answers to the featured questions, and she presents her sought-after expertise to you with thoughtfulness and humor. Her accurate, nonjudgmental answers to even the most embarrassing or scary questions will help guide you through pregnancy and the first weeks of motherhood with greater calm and confidence. It's been said that every woman is a mystery waiting to be solved... And for as long as women have been around, no one has unraveled the enigma that is the feminine of the species—until now. In this fun, fascinating, head-to-toe female look at bodies, brains, love, sex and shiny objects, the answers to the questions that have confounded humanity for ages are finally revealed! Within this book are the answers to more than one hundred often-asked questions about women. Here, science writer Patricia Barnes-Svarney offers insights into the minds and bodies of the fairer sex, such as... Why do pregnant women have cravings? How do the media affect a woman's brain? Why should women be concerned about germs? And why do women crave more sex in the summer? For women and anyone who wants to know more about women, or only thinks they know about women, Why Do Women Crave More Sex in the Summer? is guaranteed to inform, enlighten, entertain, and answer the questions women have always wanted answered. Popular leadership blogger gives the low-down on standing up for yourself In Pushback, top leadership consultant Selena Rezvani argues that self-advocacy is critical to success. Yet women initiate negotiations four times less often than men, resulting in getting less of what they want—promotion opportunities, plum assignments, and higher pay. This book shines a light on the real rules of holding your own and pushing back for what is rightfully yours. Drawing on interviews with high-level leaders, Rezvani offers readers in the first half of their career the unedited truth about how women have asked their way to the top and triumphed—and how you can too.

Includes interviews with top business leaders such as Marie Chandoha, CEO of Charles Schwab Investment Management; Cindi Bigelow, President of Bigelow Tea Company; Fizzah Jafri, COO at Morgan Stanley; Rosemary Turner, President at UPS; and Irene Chang Britt, Chief Strategy Officer at Campbell's Soup Offers a reliable and methodic approach to negotiating and navigating tough conversations Highlights compelling facts and research from the world of psychology and leadership Insightful and accessible, Pushback is a timely resource for savvy women who want to leverage their skills, promote themselves effectively, and fast track their careers. In the time of the #MeToo and #TimesUp movement, international bestselling author and leading global expert on mental strength Amy Morin turns her focus to feminism, explaining what it means—and what it takes—to be a mentally strong woman. The emergence of the #MeToo and #TimesUp movements have awakened society and encouraged women to find their voice and claim their power. But to do this, women must learn to improve their own mental strength. Contending with a host of difficult issues—from sexual assault on college campuses, to equal pay and pay gaps, to mastering different negotiation styles—demands psychological toughness. In this crucial book, prominent psychotherapist and licensed clinical social worker Amy Morin gives women the techniques to build mental muscle—and just as important, she teaches them what not to do. What does it mean to be a mentally strong woman? Delving into critical issues like sexism, social media, social comparison, and social pressure, Amy addresses this question and offers thoughtful, intelligent advice, practical tips, and specific strategies and combines them with personal experiences, stories from former patients, and both well-known and untold examples from women from across industries and pop culture. Throughout, she explores the areas women—and society at large—must focus on to become (and remain) mentally strong. Amy reveals that healthy, mentally tough women don't insist on perfection; they don't compare themselves to other people; they don't see vulnerability as a weakness; they don't let self-doubt stop them from reaching their goals. Wise, grounded, and essential, 13 Things Mentally Strong Women Don't Do can help every woman flourish—and ultimately improve our society as well. The Canadian first lady of Iceland pens a book about why this tiny nation is leading the charge in gender equality, in the vein of The Moment of Lift. Iceland is the best place on earth to be a woman—but why? For the past twelve years, the World Economic Forum's Global Gender Gap Report has ranked Iceland number one on its list of countries closing the gap in equality between men and women. What is it about Iceland that enables its society to make such meaningful progress in this ongoing battle, from electing the world's first female president to passing legislation specifically designed to help even the playing field at work and at home? The answer is found in the country's sprakkar, an ancient Icelandic word meaning extraordinary or outstanding women. Eliza Reid—Canadian born and raised, and now first lady of Iceland—examines her adopted homeland's attitude toward women: the deep-seated cultural sense of fairness, the influence of current and historical role models, and, crucially, the areas where Iceland still has room for improvement. Throughout, she interviews dozens of sprakkar to tell their inspirational stories, and expertly weaves in her own experiences as an immigrant from small-town Canada. The result is an illuminating discussion of what it means to move through the world as a woman and how the rules of society play more of a role in who we view as equal than we may understand. What makes many women's experiences there so positive? And what can we learn about fairness to benefit our society? Like influential and progressive first ladies Eleanor Roosevelt, Hillary Rodham Clinton, and Michelle Obama, Reid uses her platform to bring the best of her nation to the world. Secrets of the Sprakkar is a powerful and atmospheric portrait of a tiny country that could lead the way forward for us all. For any woman who has experienced illness, chronic pain, or endometriosis comes an inspiring memoir advocating for recognition of women's health issues In the fall of 2010, Abby Norman's strong dancer's body dropped forty pounds and gray hairs began to sprout from her temples. She was repeatedly hospitalized in excruciating pain, but the doctors insisted it was a urinary tract infection and sent her home with antibiotics. Unable to get out of bed, much less attend class, Norman dropped out of college and embarked on what would become a years-long journey to discover what was wrong with her. It wasn't until she took matters into her own hands--securing a job in a hospital and educating herself over lunchtime reading in the medical library--that she found an accurate diagnosis of endometriosis. In Ask Me About My Uterus, Norman describes what it was like to have her pain dismissed, to be told it was all in her head, only to be taken seriously when she was accompanied by a boyfriend who confirmed that her sexual performance was, indeed, compromised. Putting her own trials into a broader historical, sociocultural, and political context, Norman shows that women's bodies have long been the battleground of a never-ending war for power, control, medical knowledge, and truth. It's time to refute the belief that being a woman is a preexisting condition. From the authors of Women Don't Ask, the groundbreaking book that revealed just how much women lose when they avoid negotiation, here is the action plan that women all over the country requested—a guide to negotiating anything effectively using strategies that feel comfortable to you as a woman. Whether it's a raise, that overdue promotion, an exciting new assignment, or even extra help around the house, this four-phase program, backed by years of research and practical success, will show you how to recognize how much more you really deserve, maximize your bargaining power, develop the best strategy for your situation, and manage the reactions and emotions that may arise—on both sides. Guided step-by-step, you'll learn how to draw on your special strengths to reach agreements that benefit everyone involved. This collaborative, problem-solving approach will propel you to new places both professionally and personally—and open doors you thought were closed. Intimate Issues answers the twenty-one questions about sex most frequently asked by Christian wives, as determined by a nationwide poll of over one thousand women. Written from the perspective of two mature Christian wives and Bible teachers—women who you'll come to know as teachers and friends—Intimate Issues is biblical and informative: sometimes humorous, other times practical, but always honest. Through its solid teaching warm testimonials, scriptural insights, and experts' advise, you'll find resolution for your questions and fears, surprising insights about God's perspective on sex, and a variety of practical and creative ideas for enhancing your physical relationship with the husband you love. With warmth and wisdom, authors Linda Dillow and Lorraine Pintus speak woman to woman: examining the teachings of Scripture, exposing the lies of the world, and offering real hope that every woman's marriage relationship can become all it was intended to be in God's design. "Based on interviews with 127 successful working women, over half of them women of color, What Works for Women at Work presents a toolkit for getting ahead in today's workplace. Distilling over 35 years of research, Williams and Dempsey offer four crisp patterns that affect working women: Prove-It-Again!, the Tightrope, the Maternal Wall, and the Tug of War. Each represents different challenges and requires different strategies--which is why women need to be savvier than men to survive and thrive in high-powered careers." --Publisher information. Insightful and heart-warming, this classic book is written for those who seek to know God better. It unfolds life-impacting, biblical truths and has been called a "soul-stirring celebration of the pleasures of knowing God." How many times have you said or thought, "I wish I had known..." about your mate? Probably more times than can be counted. Well, join the rest of us in the boat who have been or are in serious relationships. We'd hoped that the waters traveled would be smooth sailing before being unexpectedly hit with tumultuous waves. Why unexpectedly? Because we were so encapsulated by the boat in the calm waters stationed at the dock, we didn't bother checking the forecast of what lay ahead. Much like a relationship, we see, we like, we commit. What we don't do is thoroughly investigate before setting sail. No need to fret. In It's in Their DNA: What and Why Men and Women Do Not Ask and Do Not Answer, Dr. Watson provides a compilation of questions and answers to help us learn and understand our mates. Now more than ever, many have become apprehensive of pursuing relationships leading to marriage, partly because of the misconception that it isn't worth it. Nothing can be further from the truth! What makes a relationship worthwhile is the work that is built upon with a potential lifetime partner - creating something special based not only on love but in-depth knowledge and understanding of one another. That is a great feat and testament to others! It's in Their DNA: What and Why Men and Women Do Not Ask and Do Not Answer reminds us that putting God's word into action produces promising results. His Love illustrated in scriptures, keeps us on track-and best of all, it's perfect for guiding our relationships through the seas of life. No more feeling unequipped in a relationship when we can turn the pages for understanding and believe God for the best to come! In When Women Ask the Questions, Marilyn Boxer traces the successes and failures of women's studies, examines the field's enduring impact on the world of higher education, and concludes that the rise of women's studies has challenged the university in the same way that feminism has challenged society at large. Drawing on her experiences as a historian, feminist, academic administrator, and former chair of a women's studies program, Boxer observes that by working for justice—and for changes necessary to make the attainment of justice a practical possibility—women's studies ensures that women are heard in the processes and places where knowledge is created, taught, and preserved. The intellectual transformation behind the emergence of women's studies, Boxer concludes, is one of historic proportions. Like other great moments in human experience, it has given rise to a flowering of art, literature, and science, and to the challenging of previously accepted authorities of text and tradition. With this book as a guide, the authors hope that men and women can move beyond the question of Why are women the way they are? to see the authentic heart of a woman. (Relationships) A groundbreaking, empowering collection of advice--richly illustrated with the stories of women at top echelons of their fields--that advances the leadership outlook for Generation X and Y women like no book before it. * Includes 30 interviews with highly accomplished business women * Offers a foreword by Gail Evans, the highest-ranking woman executive ever at CNN * Provides a far-reaching bibliography of significant materials combining works examining gender dynamics in addition to business classics The bestselling guide to being a ladies' man? revised and updated. Providing clear, no-nonsense solutions for many difficult dating/relationship problems, this is an invaluable guide for any man who's been stymied by the ?rules? of the dating game. Intended for single or divorced men, it delivers specific, detailed advice on how and where to meet women,

how to talk to them, how to ask a woman out, how to prepare for a date and keep the conversation flowing. It explains how to be a success romantically, revealing the five keys and five blocks to intimacy that can keep a relationship going or derail it completely. Readers will also learn how to know if she's the one and know when it's over. Unlock the Male Mystery Guys will be guys. And now girls can know what that means! For Young Women Only dives into the mysterious inner-workings of the teenage male mind so that you can begin to understand why guys say and do what they do. Exploring critical topics including respect, insecurity, appearance, physical affection, and the "tough and tender"-ness of guys, this book is also packed with "ask the expert" sections, quotes, and fun personal stories from guys in all walks of life. Why is he so visually stimulated? You may wish it weren't so, but that won't make it so. I don't want to put on a front for him to like me. Actually, he wants your genuineness, too! This book will help you grasp how God wired the opposite sex so you can enjoy your relationships with them. Why Are Guys So Weird? Unravel the mystery. A national scientific survey and in-depth personal interviews give you an unprecedented look inside the teenage male mind. Discover how: He'd be perfectly fine if he was loved by few and hated by many...as long as he was respected by all His ego is the size of Africa (but so are his insecurities) He hides his real feelings under a tough exterior He's magnetized by pretty girls—but also wants to find a diamond in the rough He actually does want to marry a virgin He just wants you to be yourself. It's the inside scoop you've been waiting for! You'll come to not only understand him, but also know what he might really be thinking about you. "This is a phenomenal book that I wish I'd had as a teenager!" -Shannon Ethridge, Bestselling author, Every Young Woman's Battle "Girls, this book is a MUST-read!" -Candace Cameron Bure, Actress, speaker Story Behind the Book "My teenage daughter really needs to hear this!" Such was the typical reaction from countless men and women who read Shaunti Feldhahn's bestselling For Women Only. "If forty-year-old women are surprised by the truth about how men think, we realized the value in helping teenagers discover these realities as well," says Shaunti. Teaming with her best friend Lisa Rice, a mother of teen girls and the coauthor of For Women Only Discussion Guide, they launched a major national survey of guys fifteen to twenty. Their surprising findings are revealed here to help girls improve their relationships with the opposite sex, now and into the future. The groundbreaking classic that explores how women can and should negotiate for parity in their workplaces, homes, and beyond When Linda Babcock wanted to know why male graduate students were teaching their own courses while female students were always assigned as assistants, her dean said: "More men ask. The women just don't ask." Drawing on psychology, sociology, economics, and organizational behavior as well as dozens of interviews with men and women in different fields and at all stages in their careers, Women Don't Ask explores how our institutions, child-rearing practices, and implicit assumptions discourage women from asking for the opportunities and resources that they have earned and deserve—perpetuating inequalities that are fundamentally unfair and economically unsound. Women Don't Ask tells women how to ask, and why they should. Please note: This is a companion version & not the original book. Sample Book Insights: #1 Heather's response illustrates the fatalistic mindset many women have, believing that their circumstances are more fixed and absolute than they really are. #2 The belief that opportunity only knocks once can be a barrier for women, who may assume that they must wait to be given the things they want or need. But the truth is that opportunity doesn't always knock. #3 The turnip to oyster scale measured peoples' propensity to see possibilities for change in their circumstances. Low scorers were people who saw little benefit to asking for what they wanted because they believed their environment was unchangeable. High scorers were people who saw most situations as adaptable to their needs and regularly looked for ways to improve their circumstances. #4 Women were 45 percent more likely than men to score low on the oyster-turnip scale, indicating that women are much less likely than men to see the benefits and importance of asking for what they want. FOR DISTRIBUTION OUTSIDE THE USA. A concordance is the first thing to reach for when you want to explore the Bible in depth. Organized alphabetically, it's a word-by-word index of the specific Bible translation you're using. When you can't find a Scripture passage or verse you're looking for, turn to your concordance. It's absolutely essential for doing work studies, and great for topical studies as well. The NIV Compact Concordance was designed with practicality in mind. This streamlined adaptation of the Gold Medallion Award winning NIV Exhaustive Concordance screens out references and entries that are less useful in Bible study. The result is a study tool that is both portable and extremely helpful. Steve Harvey, the host of the nationally syndicated Steve Harvey Morning Show, can't count the number of impressive women he's met over the years, whether it's through the "Strawberry Letters" segment of his program or while on tour for his comedy shows. Yet when it comes to relationships, they can't figure out what makes men tick. Why? According to Steve it's because they're asking other women for advice when no one but another man can tell them how to find and keep a man. In Act Like a Lady, Think Like a Man, Steve lets women inside the mindset of a man and sheds light on concepts and questions such as: The Ninety Day Rule: Ford requires it of its employees. Should you require it of your man? The five questions every woman should ask a man to determine how serious he is. And much more . . . Sometimes funny, sometimes direct, but always truthful, Act Like a Lady, Think Like a Man is a book you must read if you want to understand how men think when it comes to relationships. A NEW YORK TIMES BESTSELLER "The fights against hunger, homelessness, poverty, health disparities, poor schools, homophobia, transphobia, and domestic violence are feminist fights. Kendall offers a feminism rooted in the livelihood of everyday women." —Ibram X. Kendi, #1 New York Times bestselling author of How to Be an Antiracist, in The Atlantic "One of the most important books of the current moment."—Time "A rousing call to action... It should be required reading for everyone."—Gabrielle Union, author of We're Going to Need More Wine A potent and electrifying critique of today's feminist movement announcing a fresh new voice in black feminism Today's feminist movement has a glaring blind spot, and paradoxically, it is women. Mainstream feminists rarely talk about meeting basic needs as a feminist issue, argues Mikki Kendall, but food insecurity, access to quality education, safe neighborhoods, a living wage, and medical care are all feminist issues. All too often, however, the focus is not on basic survival for the many, but on increasing privilege for the few. That feminists refuse to prioritize these issues has only exacerbated the age-old problem of both internecine discord and women who rebuff at carrying the title. Moreover, prominent white feminists broadly suffer from their own myopia with regard to how things like race, class, sexual orientation, and ability intersect with gender. How can we stand in solidarity as a movement, Kendall asks, when there is the distinct likelihood that some women are oppressing others? In her searing collection of essays, Mikki Kendall takes aim at the legitimacy of the modern feminist movement, arguing that it has chronically failed to address the needs of all but a few women. Drawing on her own experiences with hunger, violence, and hypersexualization, along with incisive commentary on reproductive rights, politics, pop culture, the stigma of mental health, and more, Hood Feminism delivers an irrefutable indictment of a movement in flux. An unforgettable debut, Kendall has written a ferocious clarion call to all would-be feminists to live out the true mandate of the movement in thought and in deed. NATIONAL BOOK CRITICS CIRCLE AWARD WINNER • NATIONAL BESTSELLER • With this book, the acclaimed author created an entirely new form—an exhilarating blend of autobiography and mythology, of world and self, of hot rage and cool analysis. First published in 1976, it has become a classic in its innovative portrayal of multiple and intersecting identities—immigrant, female, Chinese, American. "A classic, for a reason" – Celeste Ng via Twitter As a girl, Kingston lives in two confounding worlds: the California to which her parents have immigrated and the China of her mother's "talk stories." The fierce and wily women warriors of her mother's tales clash jarringly with the harsh reality of female oppression out of which they come. Kingston's sense of self emerges in the mystifying gaps in these stories, which she learns to fill with stories of her own. A warrior of words, she forges fractured myths and memories into an incandescent whole, achieving a new understanding of her family's past and her own present. The current Islamic revival is frequently associated with fundamentalism and radical politics. This reinforces Western perceptions of Islamic women as victims of a sexist and reactionary rule. What many outsiders fail to realize is that quite a number of Muslim women are ardently embracing their religion as a means through which they can express gender identity, power and creativity. In overturning ingrained notions of Muslim women's subjugation, this timely book situates Islam as a religion undergoing reinterpretation and change -- especially in relation to gender identities -- rather than as a monolithic movement reacting against westernization and modernization. Through their political, educational, and recreational activities, more and more Muslim women are setting agendas of their own and are actively redefining the role of women in Muslim society. Women are often times very emotional when it comes to relationships and marriage and as a result, they make very important decisions based on feelings. However, if you desire a great marriage, then it's time you asked the right questions. This book will guide you through 7 very important questions to ask before you walk down the aisle. Get This Book Today, Scroll Up and Click the Buy Now Button! A front row seat to a fascinating conversation with God, Jesus, and other biblical characters answering important questions women have regarding life and faith. A Conversation with God for Women allows readers a one-on-one dialogue with God, his son Jesus, and other important women and men from the Bible as they respond to questions and concerns relevant to the Christian faith. The questions, in some cases challenging, address the issues and tensions specifically felt by women. Each answer, designed for both believers and seekers, is based on Scripture and written with the warmth and intimacy of a Heavenly Father relating to His child. Topics covered: existence and nature of God Jesus, Virgin birth of God's only Son authenticity of Scripture meaning in and unique challenges of a woman's life power and purpose of prayer importance, realities, and struggles of relationships coexistence of good and evil The groundbreaking classic that explores how women can and should negotiate for parity in their workplaces, homes, and beyond When Linda Babcock wanted to know why male graduate students were teaching their own courses while female students were always assigned as assistants, her dean said: "More men ask. The women just don't ask." Drawing on psychology, sociology, economics, and organizational behavior as well as dozens of interviews with men and women in different fields and at all stages in their careers, Women Don't Ask explores how our institutions, child-rearing practices, and implicit assumptions discourage women from asking for the opportunities and resources that they have earned and deserve—perpetuating inequalities that are fundamentally unfair and economically unsound. Women Don't Ask tells women how to ask, and why they should. Do you have a lack of confidence or are you just down right scared to asked women out on dates? Do you fear that they will reject you, laugh at you or make fun of you for even asking them out? If you answered yes to either of those questions, don't worry, you're not alone. The complete system for dating success is available in the Ask A Girl Out eBook and is available for instant download! Grab your copy and start getting dates with good-looking women today! There is no time like your twenties. The freedom -- and the anxiety. The adventures and the disappointments. The world is at your fingertips... and now what do you do? One twentysomething had a feeling that other successful women could hold some answers. So she set to work, interviewing women from all walks of life, gleaning wisdom from their generation for ours. What she found in her mission were some great perspectives and answers the questions burning in so many young women -- what does it mean to really love yourself? How do I become a success? What does it mean to truly "get it?" With advice like setting goals, taking action, embracing conflict, and loving yourself and those around you, these women blaze a bold trail for future generations of our gender. They have truly discovered who they are, not who they hope to be. Sometimes surprising, sometimes funny, and always empowering, women share their stories with us, answering the questions that we would never know unless we ask. Brave: Honest Questions Women Ask - Bible Study Book by Angela Thomas-Pharr is based on her trade book "Do You Know Who I Am? and other Brave Questions Women Ask." This Bible study for women looks at the heart of what women are thinking and feeling. Angela speaks to participants about deep feelings that all women have at one time or another. She looks boldly at some of the fears and struggles of being a woman, and she helps us see how we can be brave in the face of those challenges. It takes a brave woman to ask these questions and dig into these topics alongside other believers. We've all got insecurities, flaws, and struggles that we're afraid to address. But if we can be brave enough to raise the questions, God will answer us. You've got questions. God's got answers. Be brave. Ask. Why can't I get it together? Am I as invisible as I feel? What am I so afraid of? Unlike many current Bible studies in the marketplace, in this study, each week does not necessarily build on the next. Therefore, the leader may choose the topic that most relates to the group at that particular time. This approach lends itself to a great fill-in Bible study in women's Sunday school, connect groups, and small group gatherings. (7 sessions) Common Struggles: I am worn out. I am suffering with a thorn. I am undisciplined. I am trembling inside. I am invisible. I am broken.
